

TRUSTS DENOUNCED BY THE SENATORS

STATESMEN SCORE MONOPOLIES OF THE COUNTRY.

Lively Debate the Result—Mr. Hoar Declares Trade Combinations Are a Menace to the Welfare of the Republic, but Thinks Individual States Must Control Them.

Washington, June 29.—The senators talked about trusts Monday. It was incidental to the debate on the tariff bill. The announcement was made that an anti-trust amendment would be reported to the senate.

The Republican members of the committee on judiciary meet today to consider the various forms presented. There are a dozen anti-trust amendments in print, and others have been suggested. The judiciary committee is striving to secure a form that would be acceptable to all Republican senators and that will also stand the test of the courts.

In the debate Mr. Vest reviewed the legislation on leather and hides and presented a letter written by James G. Blaine to Mr. McKinley when the McKinley bill was being framed, protesting against a duty on hides as a slap in the face of the South Americans, and as likely to legislate the Republican party out of power.

The senator argued that a duty on hides could not advance the price of cattle in the west, as hides were only a bi-product of the cattle, and, moreover, the price of cattle was fixed absolutely with the power to put the price up or down by the big four combination at Chicago.

When Mr. Vest spoke of oppressive action by Mr. Armour to compel butchers to use his dressed beef Mr. Allen remarked that the evidence seemed sufficient for an indictment, and why, then, was not something done toward prosecution?

This developed a warm controversy between Mr. Hoar and Mr. Allen as to the right of federal prosecution for an offense wholly within state lines, which at times became rather personal.

Mr. Hoar said that while the question of trusts could be dealt with to some extent by striking at their imports as in the law of 1894, yet he feared that the most serious phases of the evil must be dealt with by the states. The state could limit their amount of capital, which would be one effective means of dealing with them.

Mr. Caffery argued that the sugar trust was within the operation of the anti-trust law, and he felt that it was time the attention of the attorney general and the United States district attorneys was called to the frequent and flagrant violations of the law by the sugar trust.

Mr. Allen declared that the country was "rotten with trusts." Every article we eat and wear and use is controlled by trusts, he said, while congress, the judiciary and the executive authorities are impotent and powerless to act, according to those who argued that the federal laws cannot reach the trusts. He maintained that the laws are sufficient if energetically enforced, but that the authorities have not executed them with zeal.

Plan to Check Annexation.

Washington, June 29.—Representative Crumpacker of Indiana Monday introduced in the house a resolution for a constitutional amendment, providing that hereafter no non-contiguous territory shall be annexed to the United States except in pursuance of a treaty negotiated by the president, concurred in by two-thirds of each house of congress and ratified by the legislatures of three-fourths of the states, and no contiguous territory except by treaty concurred in by two-thirds of each house, the vote on the question of concurrence not to be taken in the house of representatives until two years have elapsed from the time of taking the vote in the senate.

Lightning Strikes Convicts.

Dakota, Ga., June 29.—Lightning struck the convict camp at the lumber mills of Greer Bros. near here Sunday night. Two convicts, both negroes, were instantly killed; two others, white, died shortly after, and ten others were severely injured, some of whom will die. About twenty of the prisoners, taking advantage of the general confusion, made a dash for liberty and succeeded in escaping.

Will Send More Troops.

Madrid, June 29.—Senor Canovas del Castillo says that in case the Spanish forces in Cuba should suffer severely from sickness during the rainy season, the government will send 20,000 additional troops to the island in October, in order to maintain the army at its full strength and to inflict a final blow upon the insurgents.

Uncle Sam's Cash to Be Counted.

Washington, June 29.—Ellis H. Roberts of New York will become treasurer of the United States on the first day of July. Secretary Gage has appointed a commission to examine the books of the present treasurer, D. N. Morgan of Connecticut, and to count the money in the vaults.

Dr. Gunsaulus Ill.

Chicago, June 29.—Rev. Dr. Frank W. Gunsaulus, pastor of Plymouth

Congregational Church and president of the Armour Institute, who has been seriously ill ever since his return two months ago from New York, was removed to the sanitarium at Alma, Mich., last night.

FUSION IN NEBRASKA.

Silver Republicans and Populists to Join With the Democrats.

Lincoln, Neb., June 29.—The leaders of the Democratic party in Nebraska to the number of twenty-four sat down to a little banquet in Lincoln Monday night. W. J. Bryan was the guest of honor. The occasion was the meeting of the state central committee to arrange details for the state convention. Incidentally, the members were supposed to meet a committee from the Populists and silver Republicans, form a fusion combine and map out a policy to follow in the fall campaign. The place on the ticket for supreme judge was given to the Populists. The silver Republicans will have one nominee for regent and the silver Democrats the other. These are all the offices to be filled.

A committee was appointed after a conference with the silver Republicans and Populists to meet with similar committees from these parties July 8 to fix the place and date for the three state conventions. It was settled that the issue should be free silver along exactly the same lines as prevailed in the national campaign.

BIEBERSTEIN IS OUT.

Von Bulow Takes Hold of the Foreign Office at Berlin.

Kiel, June 29.—It was semi-officially announced Monday that owing to the health of Baron Marschall von Bieberstein, rendering necessary his retirement from the post of minister of foreign affairs, the emperor has temporarily intrusted the portfolio of minister of foreign affairs to Herr von Bulow, who will assume the duties of the foreign office on the return of his majesty to Berlin.

Berlin, June 29.—As the health of Baron Marschall von Bieberstein is in no way impaired, the semi-official announcement of his retirement from the foreign office is regarded as a virtual dismissal.

Tried to Murder a Family.

Chicago, June 29.—William H. Copp with razor and revolver attempted to exterminate a family yesterday. Only for a determined and heroic resistance he would have succeeded. As it is, one may die. This is Dr. Andrew C. Rankin, of 9 One Hundred and Twelfth street, Copp's father-in-law. The attempted murder and battle grew out of a charge made by Copp that Dr. Rankin had alienated the affections of Mrs. Copp, the doctor's daughter.

Students Rob a Safe.

Lansing, Mich., June 29.—Postoffice Inspector Larimore and Deputy United States Marshal Abels have been successful in unraveling the mystery surrounding the blowing open of the vault at the Michigan Agricultural college April 6, when \$2,300 in cash was stolen. The crime has been fixed on two students, C. D. Butterfield and C. D. Miller, members of prominent families. They have confessed.

Fall 125 Feet to Death.

Atlanta, Ga., June 29.—A derrick on the roof of a new building fell at 1 o'clock Monday afternoon, knocking three workmen from a scaffolding on the ninth story. Two of them were dashed to instant death to the ground 125 feet below and the third caught a rope and escaped. Superintendent Gammon declares that the derrick was maliciously tampered with by some one not known to him.

Reed Will Name Committees.

Washington, June 29.—Speaker Reed said Monday that he had the matter of the appointment of the committees under consideration, and that unless something unforeseen occurred, to change his present inclination he would prepare the list and submit it prior to the final adjournment.

Starbuck and Titus Matched.

New York, June 29.—A bicycle twenty-mile race has been arranged between J. Frank Starbuck, who gave Michael such a close argument in the hour race last fall, and Fred J. Titus, of New York. The race will take place at Manhattan Beach on the afternoon of July 17 for a purse of \$1,000.

Cooper Beats Kiser.

Springfield, Ill., June 29.—In Monday's races at the Illinois state meet Tom Cooper scored his first victory of the season over Earl Kiser in the mile race. It was also Cooper's first win for the year at a national circuit meet. He hadn't more than half the length of his machine to spare.

Kansas Throws Out Machines.

Topeka, Kan., June 29.—J. S. Parks, state printer-elect, has announced that the use of type setting machines will be abolished in the state printing office with the beginning of his administration on Thursday next.

Favor a War With Uncle Sam.

Madrid, June 29.—On account of Senor Silvela's recent bellicose speech and the constant news of Spanish defeats from Havana province, a feeling is reviving here in favor of war with the United States.

MINERS WILL FIGHT FOR HIGHER WAGES

GIGANTIC STRIKE WILL COMMENCE SATURDAY.

Five States Interested—Final Decision Reached After a Consultation at Columbus, Ohio—Operators Are Storing Their Output and Preparing for the Coming Trouble With Men.

Pittsburg, Pa., June 29.—Acting under orders from the national officials of their union 125,000 coal miners in five states will strike for higher wages on Saturday, July 3. The edict has gone forth to the rank and file from the national offices of the United Mine Workers in Columbus, Ohio.

The battle ground of this great conflict for bread will cover the coal centers of Ohio, Illinois, Indiana, West Virginia and that great bituminous section in western Pennsylvania known as the Pittsburg district. Next to the great national strike of a few years ago it will be the greatest wage contest the miners have ever engaged in. If the temper of the hungry men is accurately gauged it will be the most violent. The strike order results from a four days' consultation in Columbus between the members of the national executive board of the Miners' union and the district presidents. The session concluded early Sunday morning.

The price demanded by the miners is 69 cents per ton, based on the thin-vein region of western Pennsylvania. Allowing for the customary differentials, this will give a 60-cent rate in Ohio, and a corresponding figure in the various fields in Indiana, Illinois and West Virginia.

At the present time the miners are working for the lowest wages in the history of the industry. They are getting 54 cents in Pittsburg, and on last Saturday a conference was held in Columbus between the Ohio miners and operators at which the employers demanded that the rate in the Buckeye field be reduced from 54 to 51 cents.

Suicides Caused Through Fear.

San Francisco, Cal., June 29.—Advices received by the Gaelic state that an imitator of Jack the Ripper has slain several young women recently in Tokyo. So great was the excitement in Tokyo that what might be called a wave of suicidal hysteria set in, and several young women killed themselves out of sheer fear of the murderer. The women slain by the Japanese murderer were in every case of good character and all of them belonged to the better class. The murderer has not been caught.

Boy Train Wrecker.

Annapolis, Md., June 29.—James Smith, a colored lad of 14, is in jail here charged with an attempt to wreck the Bay Ridge excursion train from Washington Saturday. Smith was seen to place a railroad tie on the track about a mile and a half from this city. An employe of the road, Isaac Luker, also colored, saw this occurrence. After removing the obstruction Luker pursued the boy, who was arrested later and locked up in default of bail. There were nine well-filled coaches in the train.

May Go in a Body.

Elgin, Ill., June 29.—It is expected that all the Epworth League members within the boundaries of the Rock river conference who attend the convention at Toronto next month will go in a body. That is the plan suggested by the committee of arrangements and approved by the Elgin leaguers. They will leave July 14, starting from Chicago at 7 p. m. Elgin alone will send fifty or more.

Suicide of Mine Superintendent.

Jamestown, Cal., June 29.—W. H. Coffin, superintendent of the Jumper mine, and formerly a successful mine manager in Nevada, shot himself in the temple yesterday while in the Jumper office and died in a few moments. He was believed to have been temporarily insane, having sustained severe injuries on his head in a recent accident in the mine.

Cubans Are Barred.

Havana, June 29.—Leading Havana newspapers commenting on Canovas' Cuban reform bill, insist that according to its provisions the franchise will be extended to loyal Spaniards only, and will exclude Cubans who bore arms against Spain and those suspected of having aided or abetted the present revolt, or who were ever known to have expressed sympathy with it.

Government Troops Defeat Fanatics.

Rio Janeiro, June 29.—The government troops have attacked the fanatics who hold the towns of Canudos, and forced them to retire to their entrenchments.

A correspondent at Montevideo telegraphs that the government has negotiated a further loan of £4,000,000 with English capitalists to meet war expenses.

Full Time After July 1.

Rockford, Ill., June 29.—The Rockford Sugar Refining Company has resumed the buying of corn, taking in 9,000 bushels per day, after a partial shut-down for a month for repairs. The full force will go to work again about July 1, and plans are now being drawn for two large new buildings.

JESSE JAMES STYLE OF DOING THE WORK

DESPERADOES RAID A SOUTH DAKOTA BANK.

Five Outlaws in the Gang—Determined Resistance of the Cashier Prevents Any Large Haul Being Made—One of the Robbers Captured—The Others Hotly Pursued.

Deadwood, S. D., June 29.—Five masked men Monday morning robbed the Butte County Bank at Belle Fourche. Entering the bank with revolvers drawn and ordered the customers and officials to hold up their hands. Cashier Marble hesitated, and one of the robbers shot off a large part of the cashier's right ear. The safe and counters were cleared of the cash, and the robbers, mounting their horses, rode away.

An alarm was immediately given, and in a few minutes a well mounted and armed posse was in pursuit of the robbers. Within a few miles from town the posse came up with the fugitives, and a running fight ensued, which resulted in one of the robbers throwing up his hands and surrendering. The others, being better mounted, continued their flight, closely pursued.

The captured robber is a stranger in the vicinity. The rest of the gang are now at bay at the "Three V" ranche, a few miles from Belle Fourche, where they are likely to be captured or killed.

Less than \$75 was taken from the bank, the cashier, Arthur Marble, having slammed shut and locked the doors of the vault at the entrance of the robbers. He was fired at three times, only one shot taking effect. He tried to return the fire, but his pistol failed him.

COL. OCHILTREE ILL.

Noted Texan Must Submit to a Dangerous Operation.

Washington, June 29.—Colonel Tom Ochiltree, of Texas, who became a national character a few years ago, has been dangerously ill at Chamberlin's Hotel in this city for three months. A recent examination disclosed the fact that he was affected with organic disease, and several operations have been performed. He is now gathering strength for the final operation, which is to be performed this week. It is thought this will bring permanent relief.

Colonel Ochiltree came to congress from the Lone Star state several years ago, and immediately attracted notice on account of his ability as a story teller. Since he left congress he has spent his time in New York City, Paris, London and Washington, and has not had a permanent occupation.

Grain Conference a Failure.

St. Louis, Mo., June 29.—The joint conference between the railroad commissions of Missouri and Illinois for the purpose of establishing uniform grain grades between the two states was a failure. The Missouri commissioners held out for the grades they established and the Illinois commissioners declined to yield their own grades, and nothing whatever was gained by the conference except that the different grades of the two states will be maintained.

Propose Fusion in Kentucky.

Frankfort, Ky., June 29.—Attorney General Taylor, chairman of the Republican steering committee, recently appointed by the state central committee, will attend the state convention of the gold Democrats to be held in Louisville July 15, and as the accredited representative of the Republican party will make the convention a formal offer for a fusion of the two parties in the state campaign this fall.

Wrecker Caught in the Act.

Des Moines, Ia., June 29.—John Mahaffey is in the county jail at Adel, charged with attempting to wreck the north-bound passenger train on the Des Moines, Northern & Western road Saturday night. He was captured in the act of drawing spikes from the rails by Sheriff Paine. Mahaffey has little to say, and the authorities think he was induced to make the attempt by reading trashy novels.

Great Plants to Close Down.

Pittsburg, June 29.—All the union iron mills in the country, the tin plate plants and sheet mills will close on Wednesday night, and remain closed until the wage scales are settled. No serious trouble is expected, and the failure to adjust the wage schedules before the close of the year is not an indication that a strike is to be inaugurated.

Strikers Return to Work.

Hollidaysburg, Pa., June 29.—The striking employes of the Eleanor Iron Works of Hollidaysburg held a meeting and decided to resume work. The men had been receiving \$3 per ton for puddling, and the company sought a reduction to \$2.50. A compromise was effected on the basis of \$2.75 a ton.

Will Investigate Railways.

Ottawa, Ont., June 29.—The senate, despite the objections of the government, has decided to investigate the pending railway matters. The prorogation of parliament may, as a consequence, be delayed for three or four weeks.

THE BASEBALL REPORT.

Results of Yesterday's Games Played in the Various Leagues.

Chicago, as usual, is playing poorer ball on the home grounds than when abroad. Yesterday the Colonels, who have been easy picking for the clubs east and west, won a game from the Colts without being forced to any extraordinary performances. Boston won out in a desperate finish from Brooklyn, and drew farther ahead of the Orioles, who succumbed to Rusie. Cleveland walked away from Pittsburg. The victory, together with Brooklyn's defeat, places the Indians at a tie for fifth place. Washington is not keeping up the pace set last week, and lost to Philadelphia. Cincinnati and St. Louis did not play.

Scores:

At Chicago—
Louisville 0 0 0 1 0 0 1 3—7
Chicago 0 0 0 0 0 0 2 0—2

At New York—
New York 3 0 0 1 0 0 0 4—4
Baltimore 2 0 0 0 0 0 0 0—2

At Boston—
Boston 4 0 0 0 2 0 0 3—9
Brooklyn 0 0 0 0 1 2 3 2—8

At Philadelphia—
Philadelphia 4 1 0 1 0 0 1 7—7
Washington 1 0 0 2 1 0 2 0—6

At Cleveland—
Cleveland 5 2 0 0 0 0 0 5—12
Pittsburg 0 0 1 1 0 0 0 0—2

To-day's games—Louisville at Chicago, Cincinnati at St. Louis, Brooklyn at Boston, Baltimore at New York, Washington at Philadelphia, Pittsburg at Cleveland.

Western Association.

At Detroit—Indianapolis, 20; Detroit, 5.

At Columbus—Grand Rapids, 12; Columbus, 8.

At Milwaukee—Milwaukee, 12; Minneapolis, 4.

Michigan League.

At Bay City—Bay City, 15; Port Huron, 8.

At Kalamazoo—Kalamazoo, 8; Lansing, 3.

At Saginaw—Jackson, 13; Saginaw, 5.

Western League.

At St. Joseph—St. Joseph, 8; Rockford, 1.

At Des Moines—Des Moines, 5; Dubuque, 3.

Keeps in Middle of Road.

Des Moines, Ia., June 29.—The bolting Populists are preparing to hold an independent state convention. A. W. C. Weeks, chairman of the People's party state central committee, has issued an address to the Populists of the state from his Winterest home. Weeks led the bolters from the state convention here Wednesday because he was displeased with the manner in which the call was worded, and because he opposed assuming the name "Democratic."

Hungarian Crops Improve.

London, June 29.—The Vienna correspondent of the Standard says: "The improvement in the weather has greatly brightened the prospects for the harvest in Austria-Hungary and the Balkan states. It is now expected that only the maize crop will be below the average. The likelihood is that the other crops will be above it."

Endeavor Hosts Start.

Philadelphia, June 29.—The first session of the Christian Endeavor delegation of Pennsylvania to the international convention at San Francisco left Monday morning over the Lehigh Valley railway. Another section will leave Pittsburg by the Pennsylvania railway this evening with the delegates from the southern and western parts of the state.

Settlers Are Scared.

Boise, Idaho, June 29.—Governor Steunenberg is advised that 300 Indians, mostly Bannocks, with some from the Lemhi agency and some from the Nevada, are ghost dancing in the Camas prairie near Hailey, Idaho. The settlers are greatly alarmed over their action, and have appealed to have them removed.

Muslimans Ready to Attack.

Constantinople, June 29.—An incident typical of the situation occurred here on Tuesday. During the panic caused by the salute fired in honor of the jubilee of Queen Victoria, the Muslims trampled on the streets armed with bludgeons and asked the police whether the Greeks or the Armenians were to be attacked.

Canadian Wool Coming In.

Hamilton, Ont., June 29.—Wool dealers in this city are exporting quantities of wool into the United States to avoid the coming duty. During the past two weeks the exports have been 500,000 pounds, principally to Philadelphia and Boston. The exports from Toronto are also very large.

Sealing Vessel Is Wrecked.

Victoria, B. C., June 29.—The well-known sealing schooner Agnes McDonald, Captain Cutler, the greyhound of the Victoria fleet, was wrecked off the coast of Japan yesterday. All the crew and 489 skins were saved.

Nine Children Crushed to Death.

Madrid, June 29.—Nine children have been killed and many others injured by the collapse of a church wall at Solano, in the province of Ciudad Real.

Europeans Slain in New Guinea.

Brisbane, Queensland, June 29.—Another European party has been massacred in New Guinea. No details of the tragedy have reached here as yet.

FLOOD AT WAUPACA CAUSED BY STORM

ALMOST A CLOUD BURST AT THAT PLACE.

Bridges and Roads Are Washed Away, and the Damage is Extensive—Wisconsin Central Trains Delayed By Washouts—The Dam at Amherst Is Taken Out.

Waupaca, Wis., June 29.—[Special]

—This section was visited by a very severe rain last night, the fall almost amounting to a cloud burst. The great volume of water could not pass off in ordinary channels, but has carried away bridges and wiped out roads. The trains of the Wisconsin Central line have been delayed by washouts between here and Amherst. The three mile dam in Amherst also went out during the storm.

Says Debs Modifies His Plan.

Milwaukee, June 28.—Victor S. Berger, editor of a socialist organ, says the scheme to plant a socialist colony in the West has been abandoned and to take its place there will be a small migration of unemployed men to the state of Washington. They will look for homes there the same as other settlers and the expense of transporting them will be paid through a per capita tax of 15 cents a month on members of the social democracy, Debs' new party.

AT THE CHURCH DOOR.

Tragic Ending to an Old Feud at Pleasant Valley, Texas.

Dallas, Texas, June 29.—One of the most sensational tragedies ever enacted in north Texas took place in the Methodist Episcopal church in Pleasant Valley, Dallas county, twenty-two miles north of this city, in the course of the services Sunday.

The families worship at the same church. Just as the preacher had taken his text after prayer and the singing of a hymn, Garrison, who had a seat near the door, stepped to the doorway, it is believed, to get some fresh air, as the atmosphere in the building was oppressive. He had no more than reached the doorway when the congregation was startled by a fusillade of pistol shots.

When the firing ceased Augustin Garrison and Frank Jones were lying dead in front of the church steps and Thomas Jones was stretched on the lawn near by. His right thigh bone in front was shattered by a 42-caliber pistol ball that had torn its way downward, mutilating the flesh for a distance of six inches.

An old feud existing between the two families is believed to have been the cause of the trouble.

Run on Fort Wayne Bank.

Fort Wayne, Ind., June 29.—The appointment of a receiver for the Bass foundry and machine works Saturday night precipitated a slight run on Monday on the First National Bank, of which J. H. Bass is president. The bank opened as usual and is paying depositors without reserve. The run was over before noon. At 11:30 the bank officials announced that the bank was prepared to cash all checks or certificates of deposit on demand and would ask for no time. The bank has cash to spare.

Short Session of House.

Washington, June 29.—The house was in session Monday long enough to call the roll on a motion to adjourn. In anticipation of the passage of the tariff bill by the senate this week, Mr. Grosvenor of Ohio, chairman of the republican caucus of the house, has issued a request to all republican members of the house to be in their seats next Monday, July 5.

Bullet Ends His Pain.

Chicago, June 29.—Guy C. Ledyard, Jr., manager of the Chicago office of the National Starch Company and the Diamond sugar works, committed suicide at the home of his father, 3143 Calumet avenue Monday morning. Ill health is the cause assigned by the relatives of the deceased.

Dr. McGill Declines.

Pittsburg, Pa., June 29.—Rev. D. F. McGill, D. D., pastor of the Sixth United Presbyterian church, Allegheny, who was recently elected president of Monmouth college at Monmouth, Ill., has decided to decline the call and remain with his congregation.

To Establish Japanese Tea Bureaus.

San Francisco, June 29.—Among the passengers of the steamer Gaelic were a party of Japanese who have come to this country in the interest of the Japanese government and the Central Tea association of Japan to establish bureaus for the regulation of the tea business here.

McKinley Plans a Trip.

Washington, June 29.—President McKinley has made arrangements to leave here Friday immediately after the regular cabinet meeting, and go to Canton, Ohio, for a short visit to his aged mother. He will remain there over Sunday.

Will Not Support the Sultan.

BIDS FOR LIGHTING PUT IN LAST NIGHT

THREE FIRMS SUBMIT FIGURES
TO THE COUNCIL.

Janesville Light and Power Company and Pliny Norcross Offer Electricity and the Gas Company Gas and Gasoline—Matter Referred to the Committee—Other Business.

Three bids to light the city were received by the common council last evening, the bid of the Janesville, Light & Power company, successors of the Bower City Light & Power company being the lowest for arcs while but one bid was received for gas. The prices offered were as follows:

Janesville Light & Power company, arc lights of 1,200 candle power, to run from sunset to daylight, per year.....\$65.00

Pliny Norcross, arc lights same as now used, to run from half an hour after sunset to half an hour before sunrise, per year.....\$69.60 and 67.20

New Gas Light company, gas and gasoline, sliding scale according to number ordered, ranging, per year, from.....\$26.75 to 24.00

All three bids were set forth in detail, and had several provisions. The bid of the lowest bidder for arcs was as follows:

Janesville, Wis., June 28, 1897—Honorable Mayor and City Council: Gentlemen—We herewith submit our bid for lighting the streets of the city of Janesville, Wis., for the term of three (3) years from date of contract, by electricity, using 1,200 candle power arc lamps, same to be known as the all night system, from sundown until daylight, for the sum of sixty-five dollars (\$65) per lamp per year.

We also wish to call your attention to lighting some of the residence streets with an 18 inch reflector and 50 candle power incandescent lamps, suspended in the middle of the street 20 feet high, for which we make a charge of twenty dollars (\$20) per year per light maintained. This form of street lighting has proven very effective in other places, giving a good steady light, and distributing it fully three hundred (300) feet.

Should we be awarded this contract we will agree to furnish free during the life of contract, the following lights:

Ten lights in main engine house.
Six lights in Main street engine house.

Six lights in council chamber.

Said lights to be of 16-candle power incandescent; also the necessary amount of current for charging any storage batteries the city may use, during the life of the contract.

It will be our aim to give as near perfect service as can be given by modern improved machinery.

Respectfully submitted,

CHARLES T. LOHRING.

For Janesville Electric Light and Power Company.

The Gas Company's Bid.

The New Gas Light Company's bid was as follows:

TO THE MAYOR AND COMMON COUNCIL OF THE CITY OF JANESVILLE:

In accordance with advertisement asking for bids for lighting the city of Janesville, the New Gas Light Company of Janesville, begs to submit herewith the following proposition, viz:

Contract to be for a term of three years; all lamps to be lighted from one-half hour after sunset to one-half hour before sunrise during each and every day of the period; the lamps on the line of this company's gas mains to be lighted with gas supplied through the improved Welsbach street lighting devices; the lamps off the line of the gas mains to be supplied through the naphtha lamp with improved Welsbach street lighting devices; lamp posts, lanterns, fixtures, etc., to be provided and maintained by this company and to remain its property.

For 300 lamps the lump sum of \$7,425.00 per annum; any additional lamps up to a total of 350 lamps installed to be furnished at the following rates:

Naphtha Welsbach lamps, \$26.75 per annum.

Gas Welsbach lamps, \$24.75 per annum.

For 350 lamps the lump sum of \$8,875.00 per annum; any additional lamps up to a total of 400 lamps installed to be furnished at the following rates:

Naphtha Welsbach lamps, \$26.50 per annum.

Gas Welsbach lamps, \$24.50 per annum.

For 400 lamps the lump sum of

Awarded

MOST PERFECT MADE.

A pure Grape Cream of Tartar Powder. Free from Ammonia, Alum or any other adulterant.

40 Years the Standard.

\$9,700.00 per annum; any additional lamps up to a total of 450 lamps installed to be furnished at the following rates:

Naphtha Welsbach lamps, \$26.25 per annum.

Gas Welsbach lamps, \$24.25 per annum.

For 450 lamps the lump sum of \$10,800 per annum; any additional lamps installed to be furnished at the following rates:

Naphtha Welsbach lamps, \$26 per annum.

Gas Welsbach lamps, \$24 per annum.

If the contract is awarded to this company it will use due diligence in erecting the lamp posts and in preparing to light this city in accordance with this proposition, the contract to take effect from the date when the company has erected the posts and fixtures and is prepared to furnish the lights, which, in any event is guaranteed to be not later than August 15, 1897, provided the contract is immediately entered into.

The style of lantern to be used in connection with this lighting will be the very latest improvement of the Welsbach Company for street lighting purposes, similar in general detail to the two exhibition gas Welsbach lamps now erected in the city.

Respectfully submitted,

New Gas Company, of Janesville.

By I. F. WORTENDYKE,

Superintendent.

Captain Norcross' Bid.

Captain Pliny Norcross' bid was as follows:

I will furnish the city of Janesville as many arc lamps as desired of the same kind, quality and candle power as those now in use in said city, being of the same kind as those in use at Madison, not less than one hundred and fifty in number, to be lighted from one-half hour after sundown to one-half hour before sunrise every night in the year for three years, from July 10th, 1897 (that being the time when my present contract expires) for the sum of five dollars and eighty cents (\$5.80) a month for each lamp so furnished and for all street lamps above the number of one hundred and fifty I will furnish at the price of five dollars and sixty cents (\$5.60) a month.

PLINY NORCROSS.

Referred to a Committee.

All of the bids were referred to the lighting committee, and further time was granted at Chairman Jones' request. The bids will be acted upon at a meeting to be held July 6.

While this matter was the most important one coming before the council, considerable other important business was transacted. All the aldermen were present, and Mayor Thoroughgood presided.

The profile and grade of North Jackson street was referred to the high way committee.

J. F. Sweeney's application to build a veneered brick building at No. 5 North Franklin street, was referred to the fire and water committee, and further time was granted. The permit was referred to the council by the chief engineer.

On motion of Chairman Burnham, of the finance committee, the report of the committee, ordering the payment of a number of bills, was adopted.

Put in a New Ceiling.

Chairman McKee of the fire and water committee, said that the ceiling in the council chamber had been in a dangerous condition for some time past. The committee had received two bids for putting on a steel ceiling. The committee recommended that the bid of A. H. Sheldon & Co., of \$88, be accepted if the council decided to put on such a ceiling. The report was accepted.

Ald. Milmore from the highway and bridge committee, moved that the matter of the drainage of Five Points be re-referred; also that the profile and grade of North Jackson street as presented be adopted. Report adopted.

Chairman Gilkey, of the sewerage committee, was about to make a report for that committee when Mayor Thoroughgood requested him to withhold the report until he could meet the committee. The mayor said he had letters answering questions from many of the city physicians to whom he had written, and he desired the committee to see them before any action was taken.

Orders Are Adopted.

Ald. Fifield, from the committee on schools, asked for further time to report on the appropriation asked for by the board of education. Granted.

Ald. Stoddard asked for more time on the dog ordinance. Granted.

By Ald. Kothman—An order giving permission to F. A. Taylor to place in the east side of South River street and immediately south of Pleasant street, a set of wagon scales, the same to be placed outside of and adjoining the sidewalk and north of the railroad switch track, the council reserving the right to order the removal of such scales at any time when their use may interfere with the public use of said street. Referred to the aldermen of the ward.

Chairman McKee, of the fire and water committee introduced the following order:

"That the Janesville Water Company be and is hereby requested to lay a water main on Lincoln street as follows: From North street to Galena street, and from Washington avenue to Western avenue, placing thereon two fire hydrants at such points as the chairman of the fire and water committee and chief engineer may select.

Also that the chairman of the fire and water committee and chief engineer of the fire department locate two fire hydrants on the water main which the water company propose to lay on Chatham street. This request to be

POINTERS ON LIGHT FOR USE OF CITY

CAPT. PLINY NORCROSS' STATEMENT OF FACTS.

Figures on Street Lighting Secured From City Officials in Representative Cities Throughout the Country—Letters From Communities in Various Parts of the United States.

In presenting my bid, I desire to add a statement of some facts which I think should be considered with the bid.

In 1885, the city ordered a few arc lamps to be placed on the streets of this city.

The number was slowly increased until the spring of 1894, when there were twenty-seven of the same kind and size as those now in use.

During the nine years in which arc lamps had been used on the streets, together with gas and oil lamps, the people of this city have had abundant opportunity to test the relative merits of these three street illuminants.

In the spring of 1894, after such experience, the city, by its common council, decided to adopt electricity in place of gas and oil.

The lighting committee which had this matter in charge, was composed of Aldermen Ed. Smith, chairman, Child, Rich, Heddles and Cunningham. Mr. Cunningham moved out of the city during his term of office. The others are still resident tax payers and actively engaged in business here and are known as careful, conservative men.

Before advertising for bids the matter of TIME was discussed.

I protested against making a bid for so short a time as three years in a matter which involved such a large outlay.

The 156 oil lamps then in use would remain for another year, by the terms of the city contract, so that about one-half of the arc lamps to be supplied, would be used for less than two years, even under a three year contract.

In replying to this protest the committee told me that if a reasonably low price was named by the party receiving the contract, the city would certainly extend the time.

Relying upon this statement, I made a bid, which was accepted and proved to be the lowest price paid for similar service in the state and one of the very lowest in the United States.

Under the contract, which was signed on the part of the city by Mr. Thoroughgood as mayor, I expended a large sum of money in 1894, in the construction of a substantially new plant. Old poles were replaced with new. The old two ply wire was put aside and new three braid weather proof was put in its place. The latest styles of double carbon lamps were hung up and new dynamos installed.

In 1895, when the oil lamps were discarded, I changed and extended the whole system, and again in 1896, at the direction of the council, I extended the pole line on every main road almost to the limits of the city, so that now the pole and wire line extends all over and about the city.

The buildings in which the lighting plant is located are not very pretentious, but the various items which go to make up a plant, such as water wheels, engines, boilers, generators, shafting, belting, poles, wire and lamps are second to none in this country.

Barring a few unavoidable delays, which were incident to the various extensions of lines (which are now divided into four complete circuits) and the installment of a steam power plant, in addition to the water power, there has been no suspension of light during the three years.

Passengers enroute from Chicago to St. Paul say that Janesville is the best lighted city between those two points.

I need not say to the business men who compose this council, that such an outfit has cost a large sum of money. But I may say with propriety, at this time, when other bidders are seeking to render this expensive plant valueless, that in its construction and equipment so as to conform to the requirements of the city contract, I have incurred a large indebtedness. I may also say that if the city was not satisfied with the light which was furnished from my plant in 1894, it ought not, as a matter of equity, to have insisted upon expensive extensions in 1895 and 1896.

The first question which the present council will naturally consider is this:

Shall the city continue to illuminate its streets with arc lamps or shall it return to the use of oil, gas or gasoline aided by the Welsbach burner?

My opinion in this matter cannot, of course, be considered, as I am too deeply interested. For the same reason the council should pay but little heed to the statements and promises of my chief competitor, The United Gas Improvement Co. of Philadelphia, which owns and operates the gas plant of this city. At such a juncture, the opinions and experience of other cities should have, and I doubt not, will have great weight.

For the purpose of bringing such experience and opinions before you, I have written to the city clerks of more than one hundred cities of the United States, the following list of questions:

City Clerk of — Will you kindly answer these questions:

1. Which method of illumination on the streets gives best satisfaction

to the people of your city—electricity, gas or gasoline?

2. Which gains fastest in use?

3. What do you pay for each and how many hours do they run?

4. How does the number of each kind used in 1896 compare with the number used in 1894?

5. How does the Welsbach compare with arc lights on the streets?

Yours truly,

PLINY NORCROSS.

To these questions I have received a large number of answers, which I beg to submit to you as an important aid in the solution of said question. It seems to me that they establish in the most conclusive manner, that arc lights furnish the most satisfactory method of street illumination; that the price named by me is very low, being 40 per cent lower than in the city of Chicago, where coal is \$1.00 a ton less than here.

I freely admit that gas with Welsbach burners has been tried on a few streets in a few cities, but I most emphatically deny that the Welsbach burner whether used with gas or gasoline on public streets has as yet made a record upon which it would be safe, prudent or economical for a city to abandon the use of arc lamps and substitute therefor, this proposed experimental illumination.

There is not a letter in the whole bundle herewith submitted which would sustain such an ill advised change. The experience of every city from Portland, Maine, to Portland, Oregon, as shown by the facts and the unprejudiced opinion of the city clerks, is directly and unequivocally opposed to such a backward step.

I call special attention to the reports from Racine and Waukesha, where new contracts for city lighting have recently been made for arc lamps in the face of a most aggressive opposition on the part of Welsbach owners.

The matter of lighting the suburbs with oil or gasoline is a recent, unsatisfactory reminiscence in this city.

The proposition of the United Gas Improvement Co. to light the district outside their gas mains with gasoline and Welsbach attachments, will not be endorsed by tax-payers who from their suburban homes go to and from the work shops.

Until electric lamps were extended beyond the heart of the city, these most deserving denizens of the town, had no light at all. The electric wire drove the gas pipe beyond its long continued and profitable city centre.

It will be observed from reading these letters, that all but two were directed to the city clerks and that all of the answers save two or three are from the same unbiased parties.

I make no criticism upon the various methods adopted during the last four months by the resident agent of the United Gas Improvement Co. of Philadelphia, to forestall public opinion in favor of the product which he desires to sell—yet if the advertisements which he puts in every publication of the city, presented the real facts to the people, they would certainly have more weight.

In the Daily Sentinel of March 25, 1897, appeared an article under the head of "Cost of City Lighting." It gave the cost of street lighting in a number of cities of the United States. The Gas Company's superintendent selected from that article for advertisement in our dailies, such advertisements as he thought favored the use of gas, but omitted all others.

His figures on Cincinnati and Baltimore are both incorrect, and it is rather suggestive that he should have omitted from his oft-repeated advertisements the figures relating to the city of Philadelphia, the home of the great gas trust, which pays him his well-earned salary.

This very self-same Sentinel article from which he gleaned such precious crumbs of comfort, shows that the great Quaker City has a gas plant of its own, and yet pays \$647,000.00 per annum for arc lights on its streets.

Again, while on the advertising line, "ad" after "ad" has appeared, where the cited city has paid more for gas and naphtha than for electricity, as if that was a point in favor of gas.

In every case, the facts are not correctly stated, yet, wrong as they are, I cannot see how gas has gained a point by presenting a record from which it appears, that within the last ten years, gas has surrendered to electricity from one-fourth to eight-

J.M. BOSTWICK & SONS.
THE BIG STORE 20, 22, 24, 26, S. MAIN ST.
JANESVILLE, WIS.
WE KEEP THE QUALITY UP.

Aids to Intelligent Shopping.

In this column we from day to day present the store news clearly and concisely, touching on new arrivals, standard values and bargains. Always something here of interest if one would keep posted on the store's movements.

AID 1—Black Wool Baste or veiling, just the thing for a cool summer dress. Received Monday. Width 36 inch; price 50c. It is excellent value, and beautiful, fine quality.

AID 2—Shirt Waist bargains. Overstocked; were 50, 60 and 75c. We have been offering them since Saturday at 25c. One look tells you that they're good to have at such a figure. Don't wait too long.

AID 3—Toilet Sacques, most comfortable garment a woman ever put on. Lovely styles in dainty striped dimity reduced from \$2 to \$1.40. Also all white with wide collars; lovely embroidery on collar and edging sleeves. Fine, sheer muslin; were \$2.25, now \$1.75.

THE OVERFLOW OF LOCAL NEWS.

THE NEWS OF MILTON TOWN

Items of Interest Gathered by The Gazette Correspondent.

THE GAZETTE AGENCY
W. W. CLARK, Manager.
Milton, Wis., June 29, 1897.

On Saturday evening, at the Seventh-Day Baptist church, the Philomathean society of Milton College entertained their patrons with an excellent literary program. The exercises opened with prayer by Rev. G. R. Chambers, pastor of the Congregational church. B. H. Saunders rendered a clarinet solo in a pleasing manner. An oration on "Abuse of the English Language," by W. J. Hemphill, was a carefully written production, and replete with apt illustrations. H. M. Burdick had for the subject of his recitation, "The Unknown Speaker," and he made a favorable impression. A vocal solo by Professor T. E. Whitford was well rendered. Professor D. W. Shaw presented an address on "Thoughts From the Reading Room," which was a thoughtful, interesting paper, and a credit to its author. After a solo by Mr. Saunders, P. W. Johnson gave an oration on "Arbitration as a Substitute For War." The speaker had evidently given much thought to his subject and his production was logical and convincing. "The Philomathean Independent" was read by its editor, Ray W. Clarke, and the articles were well written, local splay and it had the additional merit of brevity. A piano solo gracefully and skillfully rendered by Miss Grace P. Spaulding closed what had proved to be one of the best sessions that the "Philos" has given its patrons in years.

The Iduna (ladies) Lyceum entertained their patrons at the Seventh-Day Baptist church on Monday evening with the following program:

Piano Solo—"Philly Bolero".....Henry Ravina
Florence Clarke.
Salutatory.....
Vocal Solo—"My Dream of You".....P. Rodney
Kramer Doty.
Oration—"Mary Lyon".....
Cora Hurley.
Vocal Duet—"See the Pale Moon".....P. Campano
Mesdames Platts and Clarke.
Address—"A Study in Black and White".....
Clara L. Sullivan.
Vocal Solo—"The Flower Girl".....E. Beignani
Kramer Doty.
Oration—"Preparation to Meet the Difficulties of Life".....
Mabel Clarke.
Piano Solo (a. Idilio)
(b. Caballero).....Lack
Grace P. Spaulding.
Reading—"Little Italy".....
Mrs. Clara D. Humphrey.
Vocal Solo—"By the Fountain".....S. Adams
Kramer Doty.

President Whitford's Sermon.

At the Seventh-Day Baptist church the Baccalaureate sermon was presented Sunday evening, the 27th inst., by Pres. W. C. Whitford. The text was Matt. 11:29, "Learn of Me" and the subject was "Christ in his Intellectual and Religious Culture is a Perfect Guide to Youth in their Preparation for the Work of Life."

I.—The studies of Christ pursued and mastered:

1. The external qualifications for his ministry—a manual trade acquaintance with the common people and the arts of a persuasive speaker.
2. The usual phases of nature and their experimental uses.
3. Hebrew history, literature and law from Moses to this time.
4. Human nature as manifested in individuals rather than in society and the nation.
5. His obligations to God, the father of himself and men.

II—Some special traits of character exhibited in his youth and manhood:

1. He was constantly diligent in the preparation for his calling, and in the performance of the various labors therein.
2. He possessed an ardent desire for knowledge, especially of a religious nature.
3. Such maturity of judgment that he astonished others by the thorough grasp of his mind and the fitness of his addresses.
4. A fervent love of truth as found in the material world, the human soul, the history of the race, and the character of his Father in heaven.
5. His living trust in the presence and favor of God, his Almighty Sovereign.

Conclusion. Still a higher worth seen in Christ, in his daily humiliation and self-sacrifice and in his atoning death, by which complete and lasting blessedness is conferred upon all true believers in him.

Other Milton Mention.

Prof. John D. Bond and family, of St. Paul, arrived in town Friday and will spend their summer vacation here. The Professor has finished his twenty-fifth year of service in the public schools of St. Paul and is under engagement for another year.

Earl Bond, who has been a student in Harvard university during the past year, arrived in town Sunday evening, and will spend his vacation here with his parents, Prof. J. D. Bond and wife.

C. A. Stewart of Ottawa, Kansas, visited Milton acquaintances last week. Charles is district attorney of Franklin county, Kansas.

Mrs. F. A. Root of Clinton, is visiting her parents, Mr. and Mrs. E. A. Holmes, and enjoying commencement exercises.

Mrs. Lizzie Crumb left Tuesday for San Francisco, Cal., to visit relatives and attend the Y. P. S. C. E. convention.

Fred Koch of Fielding, Ill., is the guest of his sister, Mrs. J. C. Goodrich.

A five days teacher's institute will

be held here in August, with Professor Shotts and Galbraith as the conductors.

Rev. J. Wallace McGowan of Farmington, Ill., is in attendance today upon the commencement exercises of his Alma Mater.

A. J. Lee left Sunday for Chicago, with the hope of securing a position as telegraph operator on some road running out of that city.

Professor H. C. Curtis and wife of Waupun, are in town.

We acknowledge the receipt of cards announcing the marriage of Will D. Stannard, son of Mr. and Mrs. F. P. Stannard, and Miss M. B. Brinkmeyer, on the 24th inst. They will reside at 6034 Woodlawn avenue, Chicago. Congratulations and good wishes are hereby extended.

Professor Charles Coon and wife of Chicago, are visiting their parents, Mr. and Mrs. George Coon.

Professor A. R. Crandall of Alfred University, arrived in town Monday, to enjoy a vacation with his family.

Miles Rice made a business trip to Milwaukee Monday.

Mrs. L. A. Platts took the train, Tuesday afternoon, for San Francisco, to attend the Y. P. S. C. E. convention.

W. T. Havens of South Dakota, is visiting his old time neighbors and friends in this village.

DEATHS AT NORTH JOHNSTOWN.

Three Residents Are Called to the Final Reward.

North Johnstown, June 29—Chancey Brotherton whose illness has been frequently mentioned, died Wednesday night of dropsy and heart difficulty. He was born in Middlebrough, Wyoming Co. N. Y., May 3, 1817, and died at his home in Johnstown, June 23, 1897, aged 80 years, 1 month and 20 days. He was one of the first settlers in this vicinity and for nearly fifty years lived upon the farm where he died. He was formerly a member of the church in this place, but about twenty-five years ago embraced the Adventist faith. A wife, one son and three grandchildren are left to mourn his loss, beside a large circle of friends by whom he will be greatly missed. Funeral services were held at the house Thursday afternoon, Rev. O. A. Johnson of Milton Junction officiating.

Mrs. Wenzel Fuder.

Mrs. Wenzel Fuder died in childbirth Sunday afternoon, at the age of thirty-seven years. Mary Fuder was of an unusually mild and sunny disposition, and made friends of all with whom she came in contact. She was a faithful and devout member of the Catholic church. She was a loving wife, a kind and tender mother and a good neighbor. The grief-stricken husband so suddenly bereft of his companion, and the three motherless little children, have the heartfelt sympathy of the entire community. The funeral services were held in Janesville Tuesday morning, and the interment was in Mount Olivet cemetery.

Mrs. Lozetta Wheeler.

Mrs. Lozetta Wheeler died Wednesday noon last, June 23, after a relapse of a few days, brought on by a sudden cold. Sunday she walked about the house, but from that time failed rapidly. She was eighty-one years and seventeen days old. Five children, four daughters and one son and two step children besides a large circle of other relatives and friends mourn her loss. All her children were present at her funeral, which was held at the Baptist church here Friday afternoon. Rev. W. T. Miller assisted by the Rev. J. C. Steele officiating. Thus one by the old settlers folks are passing away, as this is the sixth one that has died in this place in a little more than a year's time.

Earnest Wheeler's family of Beloit, are spending a week with relatives and friends in this vicinity. The W. C. T. U. meeting will be held with Mrs. R. Cary Thursday afternoon of next week. Mrs. Melissa Rice of Stewartville, Minn., arrived Friday morning to attend the funeral services of her mother, Mrs. L. Wheeler, Rev. J. C. Steele's family attended the yearly meeting at Evansville last week. It is seldom that we are called upon to chronicle the sad event of three deaths in one week as we are obliged to do this week.

EMERALD GROVE NEWS NOTES

Tobacco Planting Is All Done—To Mark The Fourth.

Emerald Grove, June 29—Tobacco setting is finished. The social under the auspices of the Ladies' Aid society at the home of Mr. and Mrs. Dean, was well attended, and a royal good time enjoyed. Rev. C. W. Dennis visited Monticello last week, being invited to deliver an address at a public meeting of the I. O. O. F. held at that place. The temperance entertainment under the direction of the Y. P. S. C. E. held at the Congregational church, was a grand success. There was a large, attentive congregation, before which the speakers and quartette acquitted themselves to the satisfaction of all. Messrs. Irving Dennis and Harry Jones were the gentlemen orators; Misses Leo Proctor, Nellie Butler and Edna Wright were the lady speakers. A handsome collection was taken for which the young people are thankful. A goodly representation from Janesville came over to the Grove to attend temperance entertainment, among whom were Messrs. Kildow and Hanson. We bid them welcome. Come again. Miss Janette McArthur will take her departure for Salt Lake City

and other points in the great west, on next Tuesday. We wish her a pleasant trip and a safe return. I. E. Dennis, the new artist, is pleasing his patrons with his work, and the outlook is flattering for a good trade in his profession. Any one wishing any thing in the line of photography will do well to give him a call. Prof. Bartlett of Albany is meeting with good success at this place with his newly organized mandolin and guitar club. A class of this kind has been formed and all are enthusiastic. Mr. Bartlett is a fine instructor and the young people of the Grove may congratulate themselves on being so fortunate as to secure his valuable service at such reasonable rates. Emerald Grove will celebrate the fourth on the third. Music, speeches, picnicking and a jolly good time will be the order of the exercises. Mr. Lamb's grove just east of the village is the place selected for the occasion.

A WEEK'S EVENTS AT AFTON.

Ladies Aid Society Plan a Concert and Supper.

Afton, Wis., June 29, 1897—The Ladies' Aid society of the Baptist church, are arranging for a concert and supper, to be given at the home of Mr. and Mrs. J. H. Humphrey Thursday evening, July 1. The concert will be presented by the Young Ladies' quartette, of Beloit, a musical organization of no mean merit. Tickets for both concert and supper are 25 cents. Two candidates for adoption were initiated into the mysteries of the first or "Beneficiary degree," at the last meeting of Afton camp, No. 2192, M. W. A., held Saturday evening. The school in the Ot's district, taught during the past year by Miss Virginia A. Scott, closed last Friday. The frequent and heavy rains of the past week made tobacco setting the chief occupation and from present indications the acreage will be a large one in this town. The semi-annual election of officers in the Baptist Y. P. S. C. E. occurs next Sunday evening and a good attendance of the members is desired. Next Sunday being the "glorious fourth," Pastor McCan announces services at the Baptist church in the evening in keeping with the day. Mrs. W. H. Eldredge and son Fred, spent Sunday at Frank Blunk's, at Hebron. William J. Miller has purchased a new "Kankakee" wheel "for the boys" but we expect to see the worthy chairman himself astride of the machine ere long and touring through the town. Superintendent Throve attended commencement at the Whitewater Normal last week, he being one of the official board of visitors to that institution. Lee Dunwiddie and family of Fowler, Ind., were visitors at J. B. Humphrey's last week, going to Brodhead, Saturday for a visit with Green county relatives. Mr. Dunwiddie is an attorney and is a cousin of Mrs. Humphrey. The regular monthly covenant and business meeting of the Baptist church will be held next Saturday afternoon at 2 o'clock.

FORMER MAGNOLIA WOMAN DEAD

Mrs. Orrin B. Jenks Passes Away at Minneapolis—Other News.

Magnolia, June 29—The sad news of the death of Mrs. Orrin B. Jenks was received here last week. She died of consumption at Minneapolis, leaving a husband and two children, one a baby of eight months. Elder Jenks was pastor of our church two years, and all learned to love the gentle, christian bride he brought to this place. Many will mourn with Elder Jenks over this closing of a young and useful life. Remember the celebration in Burton's woods on July 3, Warren Howard was hurt in a railroad accident at Dedham, Iowa. Albert Boore had a colt killed by lightning last Wednesday. Late rains are putting the crops in fine condition. Frank Clifford drove to Janesville Friday, and visited with his sister, Mrs. Alva Marsden, returning Saturday. Miss Clifford returned Saturday from Janesville after a week's visit with relatives. Mr. and Mrs. Isaac Clifford and wife and Mrs. J. F. Howard of Evansville were callers here Sunday. Mr. and Mrs. William Weaver and daughter Ethel, started for their home in Fennimore last Monday, after a week's visit in this place. Mr. and Mrs. Walter Biglow and Mrs. Agnes Shively of Evansville called on Mrs. C. C. Howard, Sunday. They made the trip on wheels. Mr. Charles Weaver and Mr. Fred Wood spent Sunday in Magnolia. Rob Acheson had a cow killed by lightning during the storm of Wednesday last.

Barker's Corners News.

Ladies' Aid Society will meet with Mrs. Charles Davis next Thursday afternoon July 1. School meeting next Monday night. Miss Edna Hanson of Janesville visited her brother Sunday. Mrs. J. Richards is visiting friends in this vicinity.

The Bowery Girl.

Ada Lee Bascom is well known throughout the literary world. She is an authoress of several successful works, and without doubt an exceptionally clever playwright. This lady is the author of Harry Williams' now famous play, "A Bowery Girl."

"A Bowery Girl" is not a venture; it is a play of high standard, which has made a reputation second to none. It has been played in all the largest cities of this continent with wonderful success.

Mid-Season Dry Goods Selling

Is seen at its best here and now. Every department is crowded with high class seasonable dry goods, and prices on all lines of summer goods was never so low. Anything you may want, just drop in and price it and see if it is not a little below other stores' prices. Wash Goods, Laces, Nainsook and Swiss Edges, Shirt Waists, Summer Underwear and Hosiery; ready made Duck, Pique and Linen Suits, Millinery, Flowers and Ribbons.

Summer Corsets at 39c.

Sixty dozen Brewster's "Health" summer corsets, double lattice work net, satreen covered stays, double front stay, lace finish at top, all sizes from 18 to 30, special at 39c.

Wash Dress Goods Values, offer today

such as we in the regular way of business would mean a big loss to us. In this instance we'll frankly admit, however, that we obtain a fair profit on the goods, although prices are absurdly low. It's just this way: Manufacturers have been unloading at a loss, jobbers are cutting prices on wash dress goods, and with ready cash we have obtained a large invoice of the season's most desirable fabrics at figures which admit retail prices you'll be pleased to pay. Another splendid assortment of those light and dark ground dimities, all new designs and colorings, the best wash goods values you ever saw, and such a low price, per yard, 5c.

ARCHIE REID & CO.

Warned by Smell of Smoke...

The many fires of late have made people think about their insurance—the companies in which it is written, and the amount covered. The good business man does not forget that his property may go next. He does not expose himself to a crippling loss.

When You Get Ready.

When you have consulted everybody else and have been treated for every known and unknown disease; when you have filled your system with one patent, ready-made, same-for-all, sure-cure preparations; when you have tried charms, spells, fakes, fads and fancies; if experience has taught you that Nature alone possesses the power to heal; that certain remedies assist Nature, but none of them cure; that it is better to work with Nature than to fight the disease; that the surest way to cure disease is to remove the cause of that disease, then we will gladly assist you with Rational remedies and methods which tend to build up and strengthen the entire system until Nature can assert herself and the Cause of disease is removed.

We treat the Patient, not the disease. This is one reason why we succeed where others have failed.

We have been in Janesville more than ten months and are here to stay. Consultation, opinion and advice free.

THIS DAY IN HISTORY

1847—Emmanuel Marquis Grouchy, marshal of France under Napoleon, died; born 1766.
1852—Henry Clay, American statesman, died at Washington; born 1777.
1861—Elizabeth Barrett Browning, English poet, died in Florence; born in Herefordshire, England, 1806.
1868—Hole-in-the-Day, the Chippewa, richest Indian in North America, died in Minnesota. He had accumulated \$2,000,000; felled by the hand of an assassin, one of his own people.
1880—The steamer Seawanhaka, carrying 300 passengers, burned at College Point, N. Y., with the loss of 50 lives.
1888—Francis Henry Temple Bellows, the artist, died; born 1827. General Washington L. Elliott died in San Francisco; born 1821.
1895—Ex-President Peixoto of Brazil died near Rio Janeiro; born 1839. Daniel Cady Eaton, noted botanist of Yale, died in New Haven; born 1834. Green Clay Smith, a Union veteran, died at Washington; born 1827.

The republican party has made mistakes, but they have not been plentiful enough to warrant the democratic party's expecting to be returned to power because of mistakes yet to be made by republicans.

The latest newspaper story is that the sugar trust is willing to buy Cuba from Spain, but there are people who would regard such a deal as a case of jumping out of the frying pan into the fire.

Democratic senator's opinions of each other and of their party, publicly expressed, encourage the populists to believe that the fight of 1900 will be between them and the republicans.

The country is, of course, thankful that the senate is making progress on the tariff bill, but it will be still more thankful when the bill is actually passed.

English newspapers would not devote one-tenth of the space American editors gave the queen's jubilee, to anything American, however important it might be.

Sensible people are predicting that if Eugene Debs ever gets a hundred thousand men together he will get them into serious trouble.

The average American is too fond of making his way to the top to take any stock in the dead level of socialism.

NEWS HEARD ABOUT THE CITY

The hot wave flag waves.

The W. E. C. entertainment will be given at G. A. R. hall this evening.

The young man behind the soda water fountain is making a fizzle of thin s.

JANESVILLE City Lodge, No. 90, I. O. O. F. meets at Odd Fellow's hall to-night.

This kind of weather makes the stand up collar something of a misnomer.

The funeral of William Gardiner will be held from the home 51 Ruger avenue, at 2 o'clock tomorrow afternoon.

The Fourth Bicycle.

Tomorrow, Wednesday evening, the fourth bicycle will be given away by Bennett & Luby to some lucky person. The wheels already given away are high grade and this, the fourth, is a dandy. Secure tickets tomorrow as it will be your last chance and you are as liable to secure it as any person. Every 50 cent cash purchase entitles you to a coupon. Bennett & Luby.

Coaching Him.

"Do you mean to say," exclaimed the man who was being pressed to become a candidate for office, "that my views on currency would not provoke opposition in my own party?"

"Not necessarily," was the reply. "You needn't bring them to the front. All we ask is that you forget your principles and remember your politics."—Washington Star.

A Strategic Landlord.

They were a bridal couple, and had been sitting over in a dark corner of the restaurant, spooning, for three-quarters of an hour.

"What have they ordered since they have been over there?" asked the proprietor of the waiter.

"Nothing but some tea and toast."

"Go right over there and light both gas jets."—Tammany Times.

What to Get Off.

Lowe Cummedy—I got off a good joke last night, but the audience was too dumb to see it.

Wright Wroasts (the critic)—So? There's another good thing you might get off if you want to make a hit with the public.

"What's that?"

"The stage."—Philadelphia Record.

His Misfortune.

"Yes," he said, "I am up to my neck in debt, but it is my misfortune, not my fault."

"Your misfortune?"

"Yes. You see, I have a faculty for making such an excellent impression upon people that they still persist in trusting me."—Chicago Post.

THEY LEFT FOR RUSSIA TODAY

Dr. and Mrs. E. F. Woods Take Their Departure for Europe.

Armed with a letter of introduction from the pen of John Sherman, secretary of state, and directed to all American consuls in Europe, Dr. and Mrs. E. F. Woods left the city this morning for Moscow, Russia. They will proceed direct to New York City, and on July 14 will leave on the steamer Southwark for Antwerp. From there they will make the trip to Stockholm, and after attending the great exposition, they will go to the Russian capital. While in the land of the Czar the doctor will study in one of the largest hospitals of the world. The return trip will be made via the Mediterranean sea.

REUNION AT LIMA CENTER.

Five Sisters and Their Families Gather 'Round the Fireside.

Lima Center, June 29.—There is a pleasant family gathering at the home of Dr. Stetson today, (Tuesday) in which Mrs. Stetson has the pleasure of entertaining her four sisters, Mrs. Stella Wheeler of Beloit, Mrs. Emily True of Fairwater, Mrs. Anna Johnson, and Mrs. Mina Douglass, both of Whitewater, with other members of their respective families. The five sisters have met annually for some time past and we hope they all may enjoy the privilege of many more such happy meetings. Mr. and Mrs. William Masters attended a family reunion at Whitewater Sunday. It was forgotten to be mentioned in last week's news that Mrs. Achsa Holbrook of Clark Mills, Manitowish Co., is visiting her son, Mark Holbrook. Mr. and Mrs. Fred Gould visited old friends in Janesville Thursday. Rev. Channing Richardson, occupied the pulpit in the M. E. church Sunday in the absence of Pastor Carpenter. Mrs. Bacon is gaining in health and is able to sit at the table with her family which is a treat to them as well as to her. Mr. and Mrs. E. D. Wheeler of Beloit, came here last Friday, to attend the funeral of Mrs. James Wheeler, and are now visiting among their old friends in this place. Orson Truman of Rockton, spent Sunday with his brother William. Mr. and Mrs. H. R. Charles and daughter Lillian of Whitewater, visited at James Gould's, Sunday. W. H. Willenar of Pleasant Lake, Ind., was a welcome caller at Dr. Stetson's, Monday. Mrs. W. H. Wurster returned home last Thursday from Richmond, Ind., where she visited her sister. Miss Lilly Parmeter has a new wheel. There was a good attendance at the Children's day exercises at the United Brethren church, Sunday. Rev. William Blodgett occupied the United Brethren pulpit Sunday evening.

Queen to Seek Secession.

London, June 29.—The queen returned to London on Monday—her final jubilee day, but one—and made what most probably was her last jubilee appearance in the metropolis, for, with the celebration that closes at Aldershot Thursday next, the state appearance of her majesty, it is said, on fair official authority, will be finished, that henceforth for whatever span of life may be left to her, Queen Victoria will confine herself to such work for the state as can be done at Windsor, Balmoral or Osborne. All those official functions, drawing rooms, public ceremonies, opening town halls, hospitals and the like, which bring the sovereign face to face with the people, will now be relegated to the prince and princess of Wales.

Dutch Ministry Out.

The Hague, June 29.—The ministry has resigned and the queen regent has had an audience with Dr. J. Roell, the minister of foreign affairs, and president of the ministerial council.

Worm Work!
Take no chance with children's health. On the first show of symptoms begin the treatment. When the child becomes restless in sleep, picks at the nose, grinds the teeth, has an irregular appetite, craves indigestible substances, is nervously irritable and has foul breath, it is worm work. There's only one safe, sure, prompt, perfect and permanent relief from worms. It is

Kickapoo Indian Worm Killer.

Good Printing...

Is like good painting—it demands and obtains a second glance. The second glance leads to thought about and knowledge of the thing portrayed, and then on to the artist or advertiser.

The kind of printing as well as the kind of painting that it pays to do and to have done is that which obtains this "second glance." Plenty of the other kind!

We are PRINTERS. Our work obtains glances of admiration, and thus leads on to the end desired. We don't do the "other kind." Put our job room to the test.

GAZETTE PT'G CO.

CHICAGO MARKETS BY WIRE

Robert Lindblom's Letter On the Condition of Crops and Trade.

Chicago, June 29.—[Special to Byrd & Law, Commission Co.]—The wheat market is in sympathy with weak cables. It ruled steady, however, at the decline, and spurted up whenever any buyers appeared.

Bradstreet's decrease of only three and one-half millions, was a disappointment to the bulls, and broke the market back to 65 1/2, but it quickly recovered on some cash business reported going to millers. This may be true, but we have seen no signs of any cash demand for quite a long time, and with new winter wheat offered at lower prices, our wheat will be taken sparingly.

Export clearance of wheat and flour for two days are 1 of a million which is very good indeed. The action of the market shows what could have been done with July wheat if the bulls had acted in concert. Now it is too late to do anything and the deal will go to pieces. There is no use speculating in the article. September is now the active option and after having lost a golden opportunity the bulls might as well jump clear over the fence and into the new crop. I do so to the general upward tendency of every thing will be taken into consideration. Bulls have made money on stocks and they will soon be looking around for other cheap articles to buy and they will take hold of pork products, then wheat corn and oats. Crop prospects are good all round us now and it is hard to imagine how wheat can now be seriously hurt, as it ought to be able to resist almost any influence.

Provisions are very firm and we only have to call attention to our repeated expressions of confidence. Corn is being bought in anticipation of a bullish government report a week from next Saturday. The weather is perfect and the average condition is improving, so we are in no hurry to buy now.

ROBERT LINDBLOM.

Chicago Board of Trade quotations furnished The Gazette by Robert Lindblom & Co. to Byrd & Law, Commission Co., No. 24 West Milwaukee street.

COMMON SENSE CURE.

Pyramid Pile Cure Cures Piles Permanently by Curing the Cause.

Remarkable Remedy Which is Bringing Comfort to Thousands of Sufferers.

Probably half the people who see this article suffer from piles. It is one of the commonest diseases and one of the most obstinate. People have it for years and just because it is not immediately fatal they neglect it. Carelessness causes no end of suffering. Carelessness about so simple a thing as piles has often caused death. Hemorrhages occur from no apparent cause and loss of blood causes death. Hemorrhages occur during surgical treatment, often causing death.

Piles are simple in the beginning and easily cured. They can be cured even in the worst stages, without pain or loss of blood, quickly, surely and completely. There is only one remedy that will do it—Pyramid Pile Cure.

It allays the inflammation immediately, heals the irritated surface and with continued treatment reduces the swelling and puts the membranes into good, sound, healthy condition. The cure is thorough and permanent.

Here are some voluntary and unsolicited testimonials that we have lately received:

Mrs. M. C. Hinkly, 601 Mississippi St., Indianapolis, Ind., says: Have been a sufferer from the pain and annoyance of Piles for fifteen years, the Pyramid Pile Cure and Pyramid Pills gave me immediate relief and in a short time a complete cure.

Major Dean, of Columbus, Ohio, says: I wish to add to the number of certificates as to the benefits derived from Pyramid Pile Cure. I suffered from Piles for forty years and from itching piles for twenty years and finally cured by the Pyramid Pile Cure.

Most druggists sell Pyramid Pile Cure or will get it for you if you ask them to. It is one dollar per package and is put up only by the Pyramid Drug Co., Albion, Mich.

Wednesday, June 30th.

Harry Williams' Brilliant Success, "A Bowery Girl."

(Miss Lillian Keene in the title role.) A happy blending of sensation, comedy and pathos, interspersed with bright and catchy songs, dances and up-to-date specialties. Special scenery and effects.

THREE SCORE TO GO
TO GOLDEN GATETHE CALIFORNIA EXCURSION A
DRAWING CARD.

Sixty-Nine People Will Take Passage In the Sleeper That Will Leave Janesville This Evening—Names of the Parties Booked By Both Companies—Lake Geneva Excursion.

A large delegation of Janesville people will leave this city this evening for San Francisco. On the St. Paul and Northwestern roads a total of sixty-nine people will make the trip from here. The Christian Endeavor meeting to be held in San Francisco next month is the main attraction. On the Chicago, Milwaukee & St. Paul road the sleeping car "Illinois" will be attached to the regular Rockford passenger train which leaves this evening at 6:30 o'clock. At Davis Junction the car will be attached to the regular Chicago-Omaha flyer arriving in Omaha at 8:05 tomorrow morning. Those who will take the trip in the car "Illinois" are:

Janesville—Dr. and Mrs. E. E. Loomis, Mr. and Mrs. J. A. Cunningham, Mrs. John Cunningham, and Mrs. W. H. Palmer. Misses—Elizabeth Whitehead, Janette Beckwith, Raelene Bostwick, Nellie Smiley, Dorothy, Whitehead, Flora Dunwiddle, Fannie Hall, and Nettie Blaisdell. Messrs.—John Weisend and L. S. Hely.

Milton—Mr. and Mrs. Newton. Mesdames—Crumb, Saxton, Platts, Price, Camp and Benner.

Beloit—Mrs. J. C. Haslett and Miss McNair.

Delavan—Mr. and Mrs. Frank H. Johnson.

The C. & N. W. Party.

On the Chicago & Northwestern road the sleeper "Riverton" will leave the city at 7:30 this evening, attached to the regular De Kalb passenger. At Belvidere the car will be attached to the through flyer, to Council Bluffs. Those who will occupy the "Riverton" are: Janesville—Mr. and Mrs. R. R. Carlson, Mr. and Mrs. S. B. Heddles, Mesdames Eliza Smith, R. C. Egerton, Christina Robertson, G. H. Rumrill and Inman. Misses Fannie Rumrill, Emma Paulson, Mattie Kirk, Anna Schmidley, Sarah Kirk, Janette McCarthy, Matella Calkins and Heilman. Messrs. E. E. Burdick, Edward Tenney, J. F. Spoon, J. Silverthorn and son, R. W. Strong, Clinton—Miss Mamie Jones. Beloit—John George and family, Fred Sanderson, H. J. Lugg and Ira J. Ross. Brodhead—N. H. Palmer and family. From this city Mrs. Alta Berry, Mrs. Knerr and Mrs. Harvey and Miss Nellie Summerill of Monroe will also go via the Northwestern road but in another car. The "Riverton" was made to appear homelike by Supt. Moulton, who furnished the car with several handsome bunches of cut flowers that the passenger appreciated.

At Omaha tomorrow morning the Northwestern road will have a total of ninety-seven sleepers of which eleven will be from Wisconsin. These ninety-seven cars will leave in ten sections and the Janesville car will leave with the first or pilot section.

In A Delightful Trip.

The local delegations who leave on both the St. Paul and Northwestern roads will leave Omaha tomorrow afternoon at 3:40 o'clock via the Union Pacific for Denver, where they arrive Thursday at 8 a. m. Here they remain three hours and at 11 a. m. they leave for Colorado Springs arriving there at 2 p. m. At 8 p. m. they leave for Pueblo where they arrive at 10:30 p. m. and depart at 7 a. m. Friday for Leadville arriving there at noon of the same day. Here they will ascend Pike's Peak and will have two and one-half hours time, after which they will leave for Glenwood Springs passing enroute through the greatest of mountain scenery. From the Springs they arrive at 8 a. m. on July 3 at Salt Lake City, where they will spend the fourth leaving on July 5 for San Francisco, arriving there at 9 a. m. on July 6.

Excursion to Geneva.

The Northwestern railroad company's excursion to Geneva Lake today was well patronized by local excursionists. Forty from this city helped fill three coaches that were attached to the Chicago accommodation and which will be switched off at Crystal Lake. Lunch baskets were not as numerous as on former occasions and it was evident that all were out for a day of recreation. They will return this evening via the same route.

PLEASANT SURPRISE PARTY

Miss Edith Tall's Birthday was fittingly Celebrated Yesterday Afternoon.

About eighteen friends of Edith Tall surprised her at her Chatham street home yesterday afternoon. The gathering was in honor of the twelfth birthday of the hostess. After a delightful afternoon, a dainty luncheon was served. Several tokens of remembrance were left with the hostess, which will ever aid her to remember the happy occasion. Those present were:

Anna Dixon, Willie Hogan, Lillie Harvey, Elsiea Harvey, Irene Anderson, Hattie Anderson, Clara Lightfoot, Birdie Allen, Maudie Clyde, Minnie Clyde, Pearl Peters, Amy Higgins, Clinton; George Berrell, George Arnold, John Lewis, Frank Peters, Bessy McCaffrey, Willie Tall.

ADVANCE sale of seats for "A Bowery Girl" will commence at the box office this evening at 7 o'clock.

The regular meeting of W. H. Sargent Woman's Relief Corps No. 21, was held this afternoon at 2:30, at Post hall.

WE have just placed on our bargain counter a great number of ladies' misses' and children's oxfords at 98c a pair. They are all them shoes that sell usually for much more than 98c and the sizes are first-class. Richardson's.

EVERY lady who intends canning strawberries should attend to it in the next two or three days before the stock gets poor and near in price. Sanborn is receiving a very fine stock of berries. Better place your order with him.

J. M. Bostwick & Sons will take pleasure in showing to the ladies some of the daintiest styles in parasols that they have ever offered. A large shipment of the latest novelties, received at The Big Store, Mondays by express.

Mrs. Eleanor J. Bingham of Chicago, will give a lecture on "The Twelve Great Pictures," at the home of Mrs. James Mills, Thursday afternoon, July 1, at 3 o'clock. The lecture is given under the auspices of the Art League and all those interested in the subject are invited to attend. Admission 25 cents.

Mrs. David Cunningham has purchased the West Side Bakery, at 161 West Milwaukee street, from Paul Gehrke, and will be pleased to have all her old friends and patrons call on her. Mrs. Cunningham will be remembered as Miss Kate Lennon, and has had 15 years' experience in the bakery business.

Two full blooded bulls weighing eight and five hundred pounds respectively arrived in the city yesterday from Orford being on their way to Escondido, California. They were sent via the United States Express company's line. H. C. Taylor is the shipper. The express charges amount to a snug little sum.

FACTS, NOT ABUSE
SHOULD SETTLE ITNEW GAS LIGHT COMPANY
MAKES A STATEMENT.

Consider Capt. Norcross' Attack Unwarranted, as He Was Not the Lowest Bidder, and Cannot Therefore Expect to Receive the Contract—Let Figures tell Story.

To the Citizens and the Mayor and Common Council of the City of Janesville—In this morning's issue of the Recorder, Capt. Pliny Norcross takes occasion to attack the New Gas Light Co. and the United Gas Improvement Company. This action, it would appear to us, is wholly unwarranted. Capt. Norcross was not the lowest bidder for electric lights and cannot, therefore, expect to receive the contract if the council decides to use electric lights. The Janesville Light and Power Company's bid was lower than that of Capt. Norcross. Therefore, it would appear that the contract must be given either to the New Gas Light Company, or to the Janesville Light and Power Company. In view of this fact it would appear that Mr. Norcross was going much out of his way to attack the New Gas Light Company.

However, I will say that the New Gas Light company has large interests in this city. During the past three years, the New Gas Light company has paid Janesville workingmen, for LABOR ALONE, over \$30,000. Its payroll is one of the largest in the city, and if the contract to light the city is secured, much more money must be spent and many more men hired, to set and care for the lamps, etc.

Mr. Norcross states its receipts for gas amount to \$70,000 per year. The fact is that its receipts are less than one half of this amount.

The New Gas Light Company asks no favors. It contends that it can light the city better and cheaper than can be done by any other person or firm. It is not seeking to "ruin" any person or firm, but it is seeking all the business it can get fairly and honestly. It claims, and facts verify the statement, that Welsbach lamps give a more efficient light for the same amount of money than do any other forms of artificial illumination, either for outside or inside lighting.

The New Gas Light Company is not responsible for the trouble of any other person or firm. It does not seek to cause any other person or firm to "make an assignment." If any other firm or person is compelled to make an assignment, it will be purely the fault of the firm or person themselves. If the New Gas Light Company feared that it would be forced to make an assignment, it would consider it the height of presumption to ask the city or any taxpayer or individual to contribute to its private funds. No person or firm who has ever made an assignment in this city has had the face to ask the people and the common council for financial aid.

The New Gas Light company has not falsified any figures in its advertisements or statements. It has no apologies to offer, and no threats to make. It regrets very much that the matter of the lighting contract has come to a question of accusation and abuse.

The New Gas Light company has submitted its bid, and stands on that platform, and no other. The New Gas Light company might publish a long article having to do with the affairs of its competitors, but it doesn't think it necessary to descend to such tactics at this time. It is willing to let the figures speak for themselves.

Very respectfully,
I. F. WORTENDYKE, Supt.

THE FREE WILL BAPTISTS

Finish a Five Day Session at Evansville.

The yearly meeting of the Wisconsin Free Will Baptists closed at Evansville last night after an interesting session of five days. Besides a large number of laymen from various parts of the state the following clergymen were present: J. S. Jones and W. G. Cooper, Winneconne; A. Longfield, Stoughton; E. O. Dickenson, Racine; L. L. Sowles, Prospect; J. J. Hull, Honey Creek; Arthur J. Frances, Stockton; Axel Brandt, Pardeeville; Charles P. Collette, South Wayne; M. C. Buswell, Burnett; G. H. Hubbard, Lake Koshong; J. B. Davidson, Milwaukee; C. H. Clancy, Greenbush; M. C. Mack, Kneeland; R. W. Press, Oakland; J. C. Steele, Lima Center; Harry S. Myers, Hillsdale, Mich.; F. M. Watkins, Warren, Ill.; F. L. Sovieksa, Crown Point, Ind.

MAKE PLANS FOR FUNERAL

Odd Fellows to Honor the Memory of C. W. Whittier.

At a special meeting of Wisconsin Dodge No. 14, I. O. O. F., held to make arrangements for the funeral of C. W. Whittier, Charles Heath, noble grand, made the following appointments:

Committee of Arrangements—L. M. Nelson and W. B. Stoddard. Marshal—S. B. Kenyon. Pall bearers from Lodge No. 14—Jerome Howland, Ezra Dillenbeck, and A. K. Cutts. Pall bearers from Lodge No. 90—W. H. Burchell, B. F. Hilt and J. W. Hodgdon.

Members will meet at the hall on North Main street, at 1:30 o'clock tomorrow afternoon. Members of Lodge No. 90 and all visiting brothers are invited to attend.

DORMANT talent often comes to the surface unexpectedly. Some men never realize what expert and cutters they are until they try to play golf.

NEWS OF A PERSONAL NATURE.

EDWIN SALMON was here from Beloit today.

Miss Mae Valentine spent the day in Chicago.

Miss Clara Shurtliff was at Lake Geneva.

GEORGE BUCHHOLZ is home from Madison.

EDWIN MEAD left Sunday morning for La Fayette, Ind., in response to a telegram from his sister, Mrs. E. E. Randall (nee Miss Amelia Mead) stating the death of her husband. The burial will be made at Booth, Mass.

CUPID'S PLANS CONSUMED.

Phillips—Wakefield.

Herbert A. Phillips and wife, of Hammond, Ind., who are the guest of Mr. Phillips' parents, Mr. and Mrs. A. F. Phillips of South Main street, are here on their wedding trip. Last Thursday at 10:30 a. m. the words were spoken at the Indianapolis, Ind., home of the bride's parents, that united him in marriage to Miss Florence Wakefield. Mr. Phillips holds the responsible position of manager of the cut meat department in the mammoth G. H. Hammond Packing company's plant at Hammond, Ind., which position he has held with much credit for the past five years. They will reside in Hammond. Their friends in this city—who are numbered by the score—will extend hearty congratulations.

Hanson—Selkirk.

This noon, at the Madison home of the bride's sister, Miss Margaret Selkirk and Thorwald Hanson, both of this city, took the marriage vows. After a short trip to the Dells of Wisconsin they will return to this city to reside. The bride has made her home here for a number of years and is well known and highly esteemed by all. She has held a position with J. M. Bostwick & Sons until within but a few weeks. The groom is foreman in the finishing department at the Hanson Furniture factory, and is a sterling young man.

Ladies' Tan Shoes.

All this week we will sell ladies' tan \$3, \$3.50, \$4 and \$4.50 shoes at \$2.99. The sale includes every tan shoe in the store; all the late spring and summer styles and the prettiest shoes withal, in the city. Richardson's.

ROYAL BAKING POWDER Absolutely Pure. Celebrated for its great leavening strength and healthfulness. Assures the food against all adulteration and all forms of adulteration common to the cheap brands. ROYAL BAKING POWDER CO., New York.

THE VALLEY OF THE SHADOW

Miss Lizzie Stanton.

After an illness of three years' duration with that dread disease, consumption, Miss Lizzie Stanton closed her eyes in death at five minutes to one o'clock this morning, at the home of her sister, Mrs. L. Lawrence, 408 South Franklin street. Miss Stanton was 24 years of age and a young woman who was held in the highest esteem by all.

The funeral will be held from the home tomorrow afternoon at 2 o'clock and the interment will be in the Oak Vale cemetery in the town of Rock.

The fire department was called to the home of C. B. Withington, 58 South Academy street, last evening. Miss Georgia Withington, saw a flame in the barn and turned in an alarm from box 45. It proved to be a bicycle lamp that had caught on fire, a wheel with a lighted lamp having been run in the barn. No damage was done.

MILK CASE ON TRIAL
BEFORE THE COURT

J. SCHULTZ, OF LIMA, PLEADS NOT GUILTY.

Chemist of the State Board of Health States That the Milk Had Been Skimmed Before it Was Taken to the Factory—Court Finds the Defendant Not Guilty.

J. Schultz of the town of Lima, who was recently arrested charged with selling milk testing below the required standard, pleaded not guilty in the municipal court this morning, and the trial commenced. District Attorney W. A. Jackson prosecuted while Attorney W. H. Rogers of Fort Atkinson, defended. The morning was occupied in taking testimony on the side of the state. Andrew S. Mitchell of Madison, chemist for the state board of health, was among the first witnesses called to testify. He told of the test made of the milk taken from the cans owned by Schultz, and stated that in his opinion the milk was not up to the required grade, for reason that it had been skimmed. John Garbitt, who took the milk from the Schultz cans on June 8, testified, as did also H. J. Bullock, proprietor of the cheese factory, and W. W. Chadwick, assistant dairy and food commissioner. At 4:45 o'clock this afternoon the court found the defendant not guilty.

NEW COMPANY MAKES PLANS.

Janesville Light and Power Company's Poles on the Way.

The new electric concern which has entered the local field will be known as the Janesville Electric Light and Power company. Chas. T. Loring of Chicago will be the owner and manager. The work of construction will commence soon after July 4 and will be rushed to completion. As for power, both steam and water will be used and the buildings recently owned by the Lower City Light and Power company at Monterey will be remodeled and rebuilt for a power station. To a Gazette representative Mr. Loring stated last evening that he would go ahead with the building of the plant soon following July 4.

"The latest improved machinery will be used in this plant," said Mr. Loring. "I have already made the purchase of the poles, and expect them to arrive in the city from the northern part of the state within the next few days."

Mr. Loring now owns electric plants at Libertyville and Grays Lake, Ill., but expects soon to dispose of the plant at the latter city.

Ladies' Tan Shoes.

All this week we will sell ladies' tan \$3, \$3.50, \$4 and \$4.50 shoes at \$2.99. The sale includes every tan shoe in the store; all the late spring and summer styles and the prettiest shoes withal, in the city. Richardson's.

ROYAL BAKING POWDER Absolutely Pure. Celebrated for its great leavening strength and healthfulness. Assures the food against all adulteration and all forms of adulteration common to the cheap brands. ROYAL BAKING POWDER CO., New York.

He—It was found guilty.—N. Y. World.

Between Seed Time and Harvest

Is a good opportunity to enquire about farming lands in South Dakota, only one day's ride from Chicago.

Bountiful crops of wheat, corn, barley and flax reward the tiller of the soil.

As a stock and dairy country South Dakota leads all the world.

First class farm lands with nearby markets can now be bought for \$10, \$12, \$15, and upwards, per acre, and this is the time to invest.

For further particulars write to George H. Hefford, General Passenger Agent, Chicago, Milwaukee & St. Paul Railway, Old Colony Building, Chicago, Ill.

THE SHAKERS' IDEAS OF MEDICINE.

Now a days when a man goes to his doctor, he is usually told that he has some unheard of disease with a long name, and when he leaves the office he does not know whether it is St. Vitus Dance or consumption that is undermining his health.

It is therefore refreshing to talk with the Shakers, for their very simplicity commands confidence and respect, and we have the further satisfaction of knowing that they have devoted themselves to the study of disease and its cure for more than a hundred years.

The venerable old man whom the writer saw was only too glad to discuss his pet subject. He said that strange as it might seem, very few doctors realized that three quarters of the most prevalent diseases were all attributable to faulty digestion.

He then went on to say that a child of average intelligence knows that putrid meat or decaying vegetables are poisonous, and must be avoided, and yet these same foods, even if taken into the stomach in the freshest possible condition soon decompose unless digested and absorbed.

In such cases the resulting poisons enter the system, when aches and pains, weakness and debility soon follow as a natural consequence.

It was recognition of this fact that led the Shakers to devote their energies to the perfection of a product that would stimulate the digestive organs and assist them to perform their proper work.

The first symptom of disordered digestion is loss of appetite, and the Shaker Digestive Cordial is wonderful efficient in supplying any deficiency in this respect, at the same time it relieves all distress after eating. Furthermore, as was carefully explained by our venerable friend, it is absolutely harmless.

Better evidence of the Shakers' confidence in it could not be found, than in the fact that they have placed 10 cent sample bottles in the hands of all druggists, assured that if once tried it will produce such immediate and marked benefit that it will be continued.

WANTED—Good man to travel. Permanent situation. McGregor, Caxton Building, Chicago, Ill.

WANTED—Salesman; salary paid weekly. Brown Bros. Co., Chicago.

If you have any odd jobs of work to be done by telephone or drop us a postal and we will send a good man. Valentine Bros.

PERSONAL

.....NO. 1.....

For all wroths there is a remedy, and Nature furnishes it in VITAE ORE, which is the most powerful, effective, and only natural antiseptic known. It reaches the Nidus of man's so-called incurable ills, as nothing ever before offered has, as is proven by the thousands of testimonials I print,—and which I offer \$500.00 for successful contradiction of.

It is a re-vitalizer, re-life giver, restorative of strength and energy, a natural nerve tonic, blood cleaner and microbe killer.

V-O. fawns for no favors and d quakes at no frowns, and I defy any quack doctor, or any combination of them, to assail me. No honest and disease-curing, Christian physician will question its power and efficacy in the cure of ills no drugs will relieve. Hundreds of this class buy it of me in bulk.

I want to reach every honest debt and tax paying citizen in the world with a free sample package, who needs so great a boon, and who will promise to use according to directions, and report results in 15 days time, and who will also promise to order from me, if a benefit is derived, and also aid me in reaching others in the same way.

I am in no fraud business, and I will not be defrauded by anyone, without appealing to the Postoffice authorities to punish the parties defrauding me by the use of the mails, as I would be punished if I used them to defraud you. The same law that protects you, protects me. I ask for not a cent, until I convince you that V-O. will benefit you by furnishing the proof at a cost of more than a dollar to myself. I am no lightning-rod-Hungarian out patent-gate-claim-fence or gold-rod man. The book of my life is an open one, and I know no reason why I should not refer to it with pride, in view of the fact that so many have been pleased to say that I WAS AND AM THE ONLY HONEST MAN IN THE MEDICINE BUSINESS THEY EVER HAD DEALINGS WITH. But I am not in the quack nostrum drug business.

I want an agent in every community—a middle-aged man or woman—whom I can trust, and who are trusted by their neighbors.

Address,

THEO. NOEL, Geologist,

Chicago, Ill.

ELASTIC STARCH

A GREAT INVENTION REQUIRES NO COOKING. MAKES COLLARS AND CUFFS STIFF AND NICE AS WHEN FIRST BOUGHT NEW. PREPARED FOR LAUNDRY PURPOSES ONLY.

ONE POUND OF THIS STARCH WILL GO AS FAR AS A POUND AND A HALF OF ANY OTHER STARCH.

MANUFACTURED ONLY BY THE J. C. HUBINGER BROS. CO. KEOKUK, IOWA. NEW HAVEN, CONN.

ELASTIC STARCH has been before the people of the United States for twenty-three years, and is with out doubt the greatest starch invention of the Nineteenth Century. Last year its sales reached the unprecedented number of twenty million packages. It is prepared upon scientific principles by men who have had years of practical experience in fancy laundry drying. It makes ironing easy, restores old summer dresses to their natural whiteness, and imparts to linen a beautiful and lasting finish. It is the only starch manufactured that is entirely harmless, containing neither arsenic, alum, or any other substance injurious to linen, and can be used even as a baby powder.

JUST THE DAYS TO SHOW A GAS STOVE'S WORTH.

To be sure it's hot work preparing any meal these days, but think how much less time is necessary for the Gas Range than the regular Cooking stove. Think of how quickly all heat is disposed of after baking is over. Think of the extra leisure one has after work is over. The great convenience in

Gas Stoves ::

for hot weather use, or in fact for all the year 'round use, is not to be comprehended until you have experienced it

Picnickers, Attention...

Those wishing to go up the river for a day's outing can make arrangements with C. A. Sanborn & Co. for the use of a Steam Launch with a capacity for carrying twenty

or twenty-five people. The launch can be run up river six or seven miles to any point the party wishes to stop at. A very neat little park, called "IDLEWILD," five miles up, that is especially nice for picnic parties, can also be arranged for.

Those wishing to camp out will find an ideal spot at "IDLEWILD PARK." Rates reasonable.

POINTS ON LIGHTS FOR CITY.

(Continued from page 2)

ninths of the whole territory formerly occupied by gas and oil.

In the letter which this active superintendent sent by mail to each of the aldermen on the 24th inst., he gives as one item, a clipping from a gas journal in regard to a certain district of New York City, and as a second item he furnishes a selection from a report of the Board of Public Works of the city of Evansville, Ind., a city where the gas company also owns the electric lighting plant, and of course prefers to furnish gas, as that company can make more money in selling gas than in electricity.

He does not deem it of any importance to add to the Baltimore item the fact that that city added 300 arc lamps to its street equipment in the last two years; nor does he consider it worthy of mention that Chicago on last week displaced 300 gas lamps on Michigan avenue and substituted arc lamps, or that the city of New York is adding more arc lamps to its street equipment than gas or gasoline.

From whom comes this recent outpouring of sympathy for the taxpayers of this city, this wholesale denunciation of a system of street lighting which for twelve years has gained over 20 per cent. a year in the civilized cities of the world, this unseemly boasting about a new burner which has not been adopted for general use by a city on the face of the earth? Not from the New Gas Light company as known to the people of this city for over thirty years.

The president of that company was willing to let a competitor in business have a fair chance. The money that he earned and saved was largely invested in the public enterprises and real estate of this city; he was one of our most public spirited men.

The real successor of that company is The United Gas Improvement company, whose main office is in the city of Philadelphia. That company now owns the Jamesville gas plant, and about forty others in different cities. It has a capital of \$11,500,000. It receives from the people of this city for gas about \$70,000 a year, and it pays a total tax of about \$600,000 on a plant which is easily worth one-half a million dollars, but is assessed at \$25,000. It has no interest in this city except to furnish it with gas and get good pay for the same.

That is the company which is trying to persuade the aldermen of this city, (on the pretense of sympathy for tax payers) to knock out by one body blow ALL competition.

When that is done, and a receiver appointed for the present Electric company, as has been done for the other two electric companies, which dared to offer for sale a light which has been favorably received by every other city in the world, then the United Gas Improvement company can safely, and without appeal, dictate the kind of light and motive power which shall be used in the houses and shops, and on the streets of this city, and name the price therefor.

PLINY NORCROSS.

June 28, 1897.

DES MOINES, Ia., May 25, 1897.
DEAR SIR:—In reply to your asking why our city is abandoning the use of gas and gasoline for street lighting, I will say—because of the inferior light obtained. We think arc lights are the best light and far above and in fact not to be considered with gas or gasoline. What we want is light and we think we know it when we see it.

Respectfully,
N. B. VEITRETS, City Clerk.

BUFFALO, N. Y., June 1, 1897.
DEAR SIR:—Electricity is the main illumination for the public streets of Buffalo. Gas is somewhat used, but less and less as the years increase. The city pays for electric light, \$100 per lamp per year, or 30 cents per lamp per night, for 365 nights, for public lamps on streets. No moonlight schedule.

We have just made a five-year contract with the Buffalo General Electric Co., to light the city. We are using many more electric lights than in 1894, 1895 or 1896, and the number continually increases.

The Welsbach lights are not in it for one minute, although a few of them are on test on Delaware avenue. It is the experience of one householder, at any rate—that is myself—that the Welsbach burner is all right for three weeks, and then it is worse than an Argand burner.

Respectfully yours,
MARK S. HUBBELL, City Clerk.

FITCHBURG, Mass., June 4, 1897.
DEAR SIR:—Of the three methods of illuminating streets in this city, the arc electric light gives the best satisfaction, and gains the fastest in use. In fact, no one cares for a street light unless he can have an arc electric. The city pays \$120 per year for each light and they burn every night and all night. In 1894 there were 192 arc electric lights, 22 gas lights and 43 gasoline lights. In 1897 there are 230 arc lights, 22 gas lights and 39 gasoline lights. We have no Welsbach lights on the streets, consequently can give no comparisons.

Yours very truly,
WALTER A. DAVIS, City Clerk.

READING, Pa., June 5, 1897.
DEAR SIR:—The following, in reply to your inquiry, are the particulars as to street lighting in our city.
400 Arc (2000 c. p.) lights at \$105.00 each per annum.
500 Incand. (20 c. p.) at \$20.40 each per annum.

We furnish all the above lighting under a five-year contract which we secured in 1895.

The city about two years ago placed on the streets about 300 Welsbach gas

lights at \$35.00 per annum. These lights are furnished by the local gas company and have no connection with us at all.

We want to say also that the city is constantly adding arc lights and we are rapidly displacing the Welsbach in both city and commercial lighting. Everybody here seems to prefer the arc light in preference to any other and the Welsbach is not nearly in such favor as when it first came on the market. We operate our arc lights from water power and give first-class service. We will be glad to give you any additional information that you may desire.

Yours truly,
K. A. FIGHTHORN,
Sec'y. Metropolitan Electric Co.

CAMBRIDGE, Mass., June 1, 1897.
DEAR SIR:—The arc electric lights give the best satisfaction in the lighting of this city. The prices paid for lighting are as follows: Arc lights of 1200 c. p. \$100.00 per year; Incandescent of 40 c. p. \$30.00 per year; Gas lights of 18 c. p. \$30.00 per year. This city does not use gasoline. Our city lighting department recently installed three Welsbach lights for experimental purposes, of which the candle power is 80. All these lights burn all night and every night in the year, and the general consensus of opinion among the people in this city seems to be in favor of arc electric lighting.

Yours very truly,
EDWARD BRANDON, City Clerk.

DENVER, June 3, 1897.
DEAR SIR:—Electricity gives the best satisfaction for illumination of streets and is used exclusively. We pay \$100.00 per year for each arc light of 2000 c. p. and they run every night from dusk to dawn.

No change in number &c. since 1894.
Our experience shows that Welsbach cannot be used for street lighting.

Yours truly,
FRED KRATZER, City Clerk.

GALESBURG, ILL., June 1, 1897.
DEAR SIR:—In reply to yours of the 29th ult. will say the we use electric arc lights exclusively for lighting purposes. We have 176 (all night) lights for which we contract every year for \$13,500 per year.

Respectfully,
A. W. TRUEDSON, City Clerk.

PITTSFIELD, Mass., June 15, 1897.
DEAR SIR:—All of our street lights are electric, they displacing gas some years ago. We never had any gasoline lights.

The above also answers the second inquiry. We pay \$95.00 per year for 1200 candle power arc lights which burn all night every night. \$62.50 per year for 1210 candle power lights which burn to 12:30 on every night except when the moon gives sufficient light. In 1894 we had 57 arc lights. In 1896 we had 61 arc lights.

We never had any Welsbach lights upon our streets.

Very truly yours,
A. N. FRENCH, Clerk.

BOROUGH OF GREENWICH, Conn., May 31, 1897.

DEAR SIR:—The Borough is lighted by 50 arc lights of 1200 candle power each. The price paid is \$110 per light per year. The lights burn all night and the contract is on the moonlight schedule. Gas has never been used here for street lighting. The present lights are satisfactory.

Yours very truly,
S. E. MINOR, Borough Clerk.

RACINE, Wis., June 23, 1897.
PLINY NORCROSS, Esq.,
Jamesville, Wis.

DEAR SIR:—In reply to your favor of 22d we have been awarded the contract for lighting the city except part of two streets, at our old prices and for years. Last Monday night the Council opened bids for the part of the two streets omitted from our contract. Our bids for incandescents were slightly lower than the Gas Co.'s, prices for Welsbachs, but since the prices will make the cost of lighting those streets exceed the present cost with arcs from 25 to 33 per cent. It is almost certain that the arcs will be retained on these streets.

Yours truly,
P. H. KORST.

RICHMOND, Ind., June 8, 1897.
DEAR SIR:—Our principal dependence for street lighting is on electricity. We only use gas and gasoline in places where it is not advisable to extend the electrical system, by reason of being sparsely settled, and in the middle of some long blocks, and in places rendered extra dark by shade trees.

For electric lights we pay \$90 per year, on a basis of 180 lights—this is for all night lighting. Our gas lamps run on a moonlight schedule, running 2200 hours per year, and cost about .0090 per lamp per hour. Our gasoline lamps also run on moonlight schedule, the same number of hours and cost \$15 per light per annum. Our electric system was installed in 1895. In regard to the comparative value of the Welsbach and arc light I cannot say. We have 180 arc lights, 67 gas and 92 gasoline.

Very truly,
FRED R. CHARLES,
City Civil Engineer.

ST. PAUL, Minn., June 2, 1897.
DEAR SIR:—Electricity gives better satisfaction than either gas or gasoline. We are changing slowly from gas to electricity in the center of the city, from gasoline to gas in the residential districts; the gain is in favor of electricity. The lighting fund for 1897 is as follows: Gas, \$60,651; gasoline, \$37,050; arc lights, \$7,923.

In 1894 we had no street arc lights; in 1896 we had 114.

Last year was the first for electric

lights. The lighting contracts expire the first of next year and I think when new contracts are made, that provision will be made for a larger number of electric lights.

Yours truly,
W. F. ERWIN,
Clerk Board of Public Works.

PEORIA, Ill., June 11, 1897.
DEAR SIR:—Electricity is used entirely in illuminating our streets, and seems to give full satisfaction. We pay to the Electric Light Co. \$98.00 per annum for lights. Lights are supposed to burn from dusk until daylight, whether moonlight or night. The arc light is used entirely.

Yours truly,
ROBT. M. ORR, City Clerk.

LYNN, Mass., June 15, 1897.
DEAR SIR:—The city of Lynn lights its streets exclusively by electricity as do all of the larger towns and cities in Massachusetts. Arc lights and incandescents.

Yours respectfully,
JOSEPH W. ATWILL, City Clerk.

PORTLAND, Maine, June 14, 1897.

DEAR SIR:—Our city is lighted by electricity wholly. The 1200 nominal candle power arc lights are used, and are run all night and every night from sunset till sunrise. For lighting lanes and alleys incandescent lamps of 32 and 65 candle power are used. Our contract with the Consolidated Electric Light Co. of Maine is one year's duration. Prices are as follows: Arc lamps, 1200 candle power, each \$105 per annum; series lamps, 65 candle power, each \$50 per annum; series lamps, 32 candle power, each \$27.50 per annum. Very truly,
JOHN T. FAGAN,
Chairman Board of Aldermen.

GLOVERVILLE, N. Y., June 1, 1897.
DEAR SIR:—Electricity has entirely superseded gas for street lighting. No gasoline has ever been used here. Arc lights are used of 1200 candle power and are run from dark until dawn at a cost of \$10,000 for 108 lamps—\$92.50 per lamp. If lights go out the police report them and we deduct pro rata for each month. The Welsbach are not used outside.

Yours respectfully,
M. V. B. SLEETSON, City Clerk.

INDIANAPOLIS, Ind., May 31, 1897.
DEAR SIR:—Our city is lighted by electricity, gas and vapor lights. Electricity is the light above all and is the preferred light of our city.

Yours truly,
CHAS. H. STUCKMEYER,
City Clerk.

KALAMAZOO, Mich., June 2, 1897.
DEAR SIR:—The streets of this city are lighted by arc lamps; the city owns and operates its own plant, so that we are unable to answer your questions. Respectfully,
C. H. GLEASON, City Clerk.

ATLANTA, Ga., June 2, 1897.
DEAR SIR:—We originally used gas for street lights, but abandoned gas for electricity after a trial of 10 arc lights, about 8 years ago. On April 1, 1893, we had 346 2000 candle power arc and 591 series 75 candle power lights in service. No gas. On January 1, 1894, 397 arc and 558 series, January 1, 1897, we had 577 arc and 521 series. We now have 592 arcs and 514 series that burn all night and every night for which we pay arcs, \$85.00, series, \$35.00 per annum. We do not use the Welsbach.

Very truly,
T. J. HARPER, City Electrician.

ALLENTOWN, Pa., May 31, 1897.
DEAR SIR:—Electricity is the only mode of illumination used on our streets. We pay \$100 per annum for arc lights and \$18 per annum for incandescent and they run all night and every night in the year. The annual increase averages about 6 arcs and 25 incandescent lights per annum.

Yours respectfully,
W. D. STERNER, City Clerk.

DETROIT, Mich., May 29, 1897.
DEAR SIR:—This city is lighted with electric lights which is the only street light we have in use. I therefore cannot give you the information asked for in your letter. We have an electric light plant which is owned and operated by the city.

Yours respectfully,
JOHN A. SCHMID, City Clerk.

SOUTH BEND, Ind., June 10, 1897.
DEAR SIR:—Our city uses electricity for street lighting under contract with the South Bend Electric Co., the contract expiring January 12th, 1900. We pay \$70 per annum for midnight and \$90 for all night lights. Use arc lights, 2000 candle power; have 56 all night and 154 midnight lights, about one-fourth more lights now than in 1894.

Do not use the Welsbach on streets.

Respectfully,
L. A. HULL, City Clerk.

ROCHESTER, N. Y., June 11, '97.
DEAR SIR:—Replying to your inquiry of the 7th inst., I take pleasure in submitting the following:

The streets of this city are, for the most part, lighted by electricity. We have 2075, 2000 candle power arc lights and about 200 double arc incandescent lights, 1200 candle power. We are still using 300 gas lights, but these are being gradually displaced by electric arcs. The number of arcs in use now is much greater than in 1894, while the number of gas lamps has correspondingly decreased. We pay 25 cents per arc per night, and 7 cents per night for gas lamps.

No Welsbach lights are used here in street lighting.

Very truly yours,
T. S. PULVER, City Clerk.

LOUISVILLE, Ky., June 4, 1897.

DEAR SIR:—Electricity has given the best satisfaction. Each lamp costs \$84 per annum, burning 3760

hours. The city does not use the Welsbach, but uses arc lights entirely on the public streets with the exception of a few scattered gas and gasoline lamps in the suburbs. The gas lamps cost \$17.45 each, per annum.

Respectfully,
BOARD OF PUBLIC WORKS,
J. HENRY HOERTZ, Sec.

RUTLAND, Vt., June 10, 1897.
DEAR SIR:—The city has used electric lights for quite a good many years and of course finds that method of lighting much more satisfactory than any other. Gas is used only in two or three of the public buildings. The city is under a five-year contract and is using 33 all night lights and 80 one o'clock lights, all arcs. One short street is lighted with incandescents, but on account of the expense they have not been found satisfactory.

In 1894 the number of all night lights was 32 and the one o'clock lights 75.

We pay 34 cents per light per night for all night lights and 27 cents for one o'clock lights; one cent per ampere hour for incandescents and they are all used every night in the year. The Welsbach light is used only in one public building.

Yours truly,
H. B. WHITTIER, City Clerk.

A large number of other letters are omitted for want of space.

THE VALLEY OF THE SHADOW

Mrs. Lozetta Wheeler.

Mrs. Lozetta Wheeler was born in the town of Marcellus, Onondago county, N. Y., June 6, 1816, and died at her home in Johnstown, June 23, 1897, aged eighty-one years and seventeen days. Her early life was spent in her native state. November 23, 1834 she was married to Abraham Wortman, by whom she had two children, one son and one daughter. The son was accidentally killed at the age of seven years. Her first husband died January 7, 1839 leaving her with the two children to care for. February 4, 1841, she was married to James Wheeler, whose death occurred two months and sixteen days prior to her own. In the year of 1843 they emigrated overland to Wisconsin, having buried their first born son, Hiram, and bringing with them a little daughter three months old. Here she endured with great courage all the privations and hardships of pioneer life. She was the mother of seven children, five of whom are living. She was converted, baptized, and joined the Free Baptist church of this place about forty-five years ago, and has ever since lived a consistent christian life. She was a kind and loving mother, a good neighbor and a true and faithful christian woman. Many are the friends and neighbors can testify to her great helpfulness in times of sickness and trouble. She was of a cheerful disposition and always met her children and others with a cordial welcome. Her last hours were peaceful. She said "I want to be freed from all trouble here below, and be happy in heaven."

The funeral services were conducted by Rev. W. T. Miller and Rev. Mr. Steele on Friday last, from the Free-will Baptist church of North Johnstown.

RHEUMATISM

Is caused by Uric Acid and other impurities lingering in the blood, which have not been filtered out by the Kidneys through the urine. The seat of the trouble is not in the skin or muscles. It's sick Kidneys. Electricity, liniments or plasters will not reach the case. But the disease can be

CURED

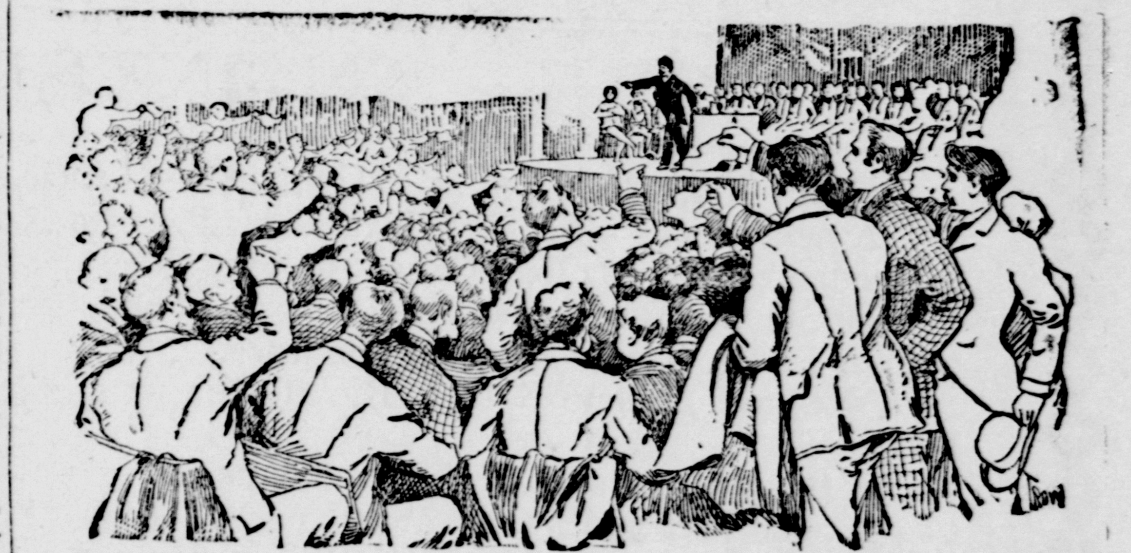

I would be shrinking my duty to humanity if I neglected to tell how much Dr. Hobbs' Kidney Pills have helped me. For about eight years I was a sufferer from pains in the back and rheumatism in my hips, at times so bad that I was compelled to keep in bed. Every kind of remedy suggested by my friends was tried without satisfactory results. The old troubles would return with renewed vigor. At last I heard of the wonders performed by Dr. Hobbs' Spargus Kidney Pills, and procured some of C. D. Stevens, the druggist. The result of their use is that my back now feels strong, the pains have gone, and I am entirely free from rheumatism. I cannot command words strong enough with which to praise the remedy. P. J. CROWLEY, 57 Lincoln St., Jamesville, Wis.

HOBBS' SPARGUS KIDNEY PILLS.

A big drop.

Watch our woolen window from now on and look at the bargains that will be offered in

Suits and Trousers

We will have two prices for our work—a union price, and also another. The other will be from \$4 to \$6 less. We prefer to get the union price and have the garments made here at home, but if you want to save the difference we can send it away and will guarantee the fit and the work.

We cut, trim and try on here. Our cutter has been with us long enough to prove that he is a first-class, up-to-date stylish workman. Ours is a union shop. We make this statement to offset the impression that some have that we are opposed to unions. You will get full value every time you deal with

to ask for the numbered coupon on the bicycle to be given away when you purchase your 50c worth of Tea or Coffee. You are just as liable to get the wheel as anybody. Tea and Coffee trade is lively at SANBORN'S. People are learning of the great assortment carried here and the

AN INTERESTING TEA AND COFFEE TALK:

Fancy Rio, 13c lb.; 8 lbs. \$1; an honest article. A new article--Richelieu Java and Mocha in 2-lb. air tight cans, 40c lb. Cannot be excelled. Our choice Rio Coffee at 18c per pound, six pounds for \$1, has no equal for the price. We have Fancy Golden Rio at 25c per lb.; 5 lbs. for \$1. A fancy Guatamala Coffee at 28c per lb. A good Java and Mocha at 30c per lb.; 4 lbs \$1. A choice Java and Mocha Coffee at 35c per lb.; 3 lbs. for \$1. Sprague, Warner & Co.'s Perfection Java and Mocha Coffee in 1 or 2-lb. cans or in bulk, at 38c per lb.; 3 lbs. for \$1.05. This brand has had the

greatest run of any Coffee ever introduced in town; every ounce we guarantee to give satisfaction to the most critical Coffee drinker. Our 60c Japan Tea is an article we place our reputation on. It is absolutely the best Tea in the city; of this fact we are positive and will guarantee it to back up the strongest assertions on our part. Our 50c Japan Tea is the finest we can get for the money and has a delicious flavor. We have Teas at 30, 35 and 40c, and a complete line of India Teas, such as Monsoon, Star of India and Lipton's. Of Black, Gunpowder and Young Hyson Teas we have a very complete stock.

Have you noticed in the papers lately what they say down in Washington about Tea? It's bound to go up higher than ever. Can't help it. Better lay in a stock before July or August.

Like to get away for a day or a week and rusticate wouldn't you? Sanborn's list of picnic or camp articles is toothsome--just the correct time for these occasions. A few suggestions:

The Grocerymen.

THE WORK OF THE COUNCIL.

Continued from page 2.

In lieu of that formerly adopted by the common council relating to water main on Lincoln street, and the placing of one hydrant on Chatham street.

By Ald. Miltimore--That a tile drain be put in at the intersection of Milwaukee and River streets on the south side of Milwaukee street, and do away with the gutter at said intersection, said work to be done under the direction of Engineer Brown. Adopted.

By Ald. Jones--To repair Jefferson street between Galena street and We turn avenue. Adopted.

Ald. McKey moved that when the council adjourn it be to July 6. Adopted.

Build New Sidewalks

By Alderman Gilkey--Order for a new sidewalk on South Main street and Park Place north, and repair South Main street from South Third to Sharon street; also to use scraper on Milwaukee and Ruger avenues Harrison and Lincoln streets.

By Alderman Rice--An order for a tile drain at the intersection of Milwaukee and River streets on the north side of Milwaukee street and do away with gutter at said intersection, said work to be done under the direction of Engineer Brown. Adopted.

By Alderman Miltimore--An order directing the city clerk to have a notice published that at a regular meeting of the council to be held July 6, the council will act upon the application of W. H. Palmer to vacate Wesley street, Baker street, and that part of Park avenue, Adams avenue and Carle avenue lying south of State street, formerly McGrew street, in Hamilton's addition to Janesville.

Stock Yards Matter.

Alderman Miltimore called the attention of the Fifth ward aldermen to the condition of the stock yards, and called on Alderman McLean.

Alderman McLean said that he had always found the railroad company willing to do what was right. He could not say as much for the shipper. When complaints had come to him he had gone to Mr. Moulton or Mr. Ranous and they had attended to it. One shipper had kept 200 hogs there ten days. Recently a dead calf was allowed to remain half buried and created a bad stench. The calf had been buried by a shipper, and the railroad company was as much opposed to such actions as the people of the ward. The matter was referred to a special committee, consisting of Aldermen McLean, Fifield and Kothman and the council adjourned.

THE PROGRAM FOR TONIGHT

ENTERTAINMENT at G. A. R. Hall.
JANESVILLE Lodge No. 90, I. O. O. F.
ADVANCE sale for "The Bowery Girl."

The Atlantic Monthly.

Three exceptionally valuable papers are contained in the Atlantic monthly for July. One by E. C. Godkin is entitled "The Decline of Legislatures." After tracing the development of legislatures, Mr. Godkin shows how in all parts of the world there has been a startling decline in their character, except in Great Britain; the reasons for this deterioration; the loss of dignity and the effectiveness of Legislatures in the United States; the seriousness of the problem presented by their decline and a consideration of remedies.

"The Making of the Nation" a sketch of the growth and development of American national feeling is given; and under the title of Jowett and the University Ideal there appears a review of the work of a great teacher, and a comparative study of English and American university work and deals.

Gallon Can Apples for Present Use.

The time of the season for canned apples is at present; there are none other that are so good and so cheap. A peck of the choicest fruit is used to a gallon can; they are pared and cored ready for use. Sanborn has twenty-five cases of Sprague Warner & Co's Batavia, and Reid, Murdoch & Co's Monarch brand of apples, that will be sold at 20 cents a can; the usual price on these goods is 25 cents. No better pie timber could be found than these goods.

Buffalo, New York, Boston

And New England points are reached in the most comfortable manner via the Lake Shore & Southern railway. The summer train service via this line affords morning, afternoon and evening trains from Chicago at convenient hours, a complete schedule of which will be furnished on application. Tourist tickets to the many cool and delightful resorts of the east, including Chautauque lake, are now on sale. A handsome illustrated tourist book showing routes and rates to these points will be sent free on request. If you contemplate an eastern trip this summer the printed matter referred to will be of interest. Address J. R. Hurley, T. P. A., 100 Wisconsin St., Milwaukee, Wis., or C. K. Wilbur, A. G. P. A., Chicago.

Fourth of July Rates.

On July 3, 4 and 5 the Northwestern Line will sell excursion tickets at low rates to points on the Northwestern system within 200 miles of selling station, good for returning until July 6 inclusive. Apply to agents Chicago & Northwestern Railway.

Grain Dealers' Convention.

Des Moines, Ia., June 29.--The National Association of Grain Dealers is in session here. Omaha, Detroit, Indianapolis, Nashville, Niagara City and Des Moines are candidates for the next convention.
